

In my 30+ years of experience as a Director of Facilities in the education industry, general contractor, and business owner, I learned the power of networking and how to build consensus to solve complex problems.

In addition to working with unions and the public, I have worked hand-in-hand with law enforcement as a volunteer Reserve Deputy Sheriff for Santa Clara County. I also have been involved in local volunteer activities in Capitola for over nine years.

My goal is to always exceed expectations in my career and personal life, and I take pride in my outstanding work ethic. I know I will contribute energy and value to the City of Capitola and will ensure projects move forward with vision, integrity, and thoughtful attention to detail. We can build-up the infrastructure of our city while preserving the character and history of our city.

As a member of the Capitola City Council, I will be accessible to you and will support our exceptional youth programs and invaluable seniors.

My family and I cherish our beautiful beach community, and you can trust I will work tirelessly to listen to you and represent our community on the city council. I appreciate your support.
