7. GENERAL GOVERNMENT / PUBLIC HEARINGS
   A. Presentation of the Proposed 2021/2022 Fiscal Year Budget for the City of Capitola General Fund and the Capitola Successor Agency
      RECOMMENDED ACTION: Acting as the City Council and Successor Agency, receive the proposed budget, provide staff direction, and continue budget deliberations to the next joint budget hearing scheduled on May 20.

      City Manager Jamie Goldstein introduced the City’s overall financial situation, then Finance Director Jim Malberg presented the proposed budget.

      Vice-Mayor Storey recused himself from the Community Action Board (CAB) portion of the
Council Members Bertrand, Keiser, and Petersen along with Mayo Brooks agreed to move CAB into the City Manager budget, allowing for Vice-Mayor Storey to participate in future community grant program discussions.

City Manager Goldstein outlined the following discussion points:

- Frozen positions
- Early Childhood/Youth Program fund
- Fund balance
- COVID-19 stabilization account
- American Rescue Plan, Measure F funds

After discussion, Council Members Bertrand, Keiser, and Petersen agreed that the request for $100,000 towards staffing challenges is necessary, though they each supported using a different funding source.

Mayor Brooks asked that at the next hearing, Capital Improvement Program (CIP) projects be brought with costs associated to each so that Council can determine priority projects. She supported the Finance Advisory Committee recommendation to maintain the COVID-19 stabilization account and to consider using American Rescue Plan funding towards a transportation option for the Recreation Division.

Council Member Bertrand clarified that a potential round-about project will be considered with CIP projects at the next budget hearing.

There was no public comment.

After discussion, the Council directed staff to focus on the following and present findings/analysis at the next budget hearing:

- Consider different ways of allocating $100,000 for staffing challenges: reorganizing expenditures (Storey); the COVID-19 stabilization account (Petersen); or the fund balance (Brooks)
- Maintain the goal of a $750,000 fund balance
- Early Childhood/Youth Programming funding options (Brooks)
- CIP project review: cost, funding status, etc.
- Wharf Project funding projections (Storey)
- FAC recommendation regarding PERS reserve

8. ADJOURNMENT

The meeting was closed at 7:25 PM to the next special City Council budget hearing, scheduled for May 20, 2021.

Chloé Woodmansee, City Clerk
FROM: Finance Department

SUBJECT: Presentation of the Proposed 2021-22 Fiscal Year Budget for the City of Capitola General Fund and the Capitola Successor Agency

RECOMMENDED ACTION: Acting as the City Council and Successor Agency, receive the proposed budget, provide staff direction, and either:

• Continue budget deliberations to the next scheduled joint budget hearing on June 2, 2021, or

• Direct staff to prepare the documents for final budget adoption at a Regular meeting in June, and cancel future planned budget hearings.

DISCUSSION: The City of Capitola proposed Fiscal Year (FY) 2021-22 and FY 2022-23 Budget is a two-year financial plan for the City as outlined by Administrative Policy III-3: Financial Management Policies. The proposed budget was prepared based on a combination of known factors, such as increases in CalPERS (Public Employees' Retirement System) costs, and conservative estimates for both revenues and expenditures as the City prepares for a return to normalcy following the financial impacts of the COVID-19 pandemic.

The budget is the City’s operating plan and a primary mechanism by which the Council’s goals and vision for the City are transmitted to staff for implementation.

The document is organized to present information in several ways. General Fund revenues and expenditures are shown to provide information about longer-term patterns and overall fiscal stability. Revenues and expenditures for the City’s various funds and departments are shown to provide additional detail and information about the City’s programs and projects.

Overall, the FY 2021-22 Proposed Budget reflects a local economy that anticipates the beginning of fiscal recovery from the impacts of the COVID-19 pandemic. The proposed budget begins to return services that were reduced or eliminated in the prior fiscal year such as Community Grants, Lifeguards, and Public Works department seasonal employees to assist with the anticipated influx of people to Capitola Beach, the Village, and 41st Avenue corridor as visitors return to Capitola. The City must also remain focused on the long-term budget picture, which includes dramatically increasing CalPERS costs. Those increasing PERS costs will likely result in challenging budgetary decisions in coming years.

This second budget hearing will provide an overview (attached) of the City’s proposed Capital Improvement Program (CIP) as well as a focused discussion on the following items that were
identified by City Council during the special budget hearing on May 5, 2021.

1) Consider different ways of allocating $100,000 for staffing challenges, specifically: reorganizing expenditures; utilizing the COVID-19 stabilization account; or utilizing fund balance.
   a) Reorganizing expenditures: Using $100,000 from the general fund in each of the next two fiscal years for staffing changes would lead to reducing funding for Internal Service Fund(s). This could be accomplished by reducing ISF charges by $50,000 in both the Information Technology and Equipment Replacement in each of the next two years. However, as expenditures from those ISFs are not also proposed for adjustment, the net effect would be lower fund balances in both ISFs, which could require additional future funding to replenish the Fund(s).
   b) COVID Stabilization Account: Utilizing $100,000 of the $600,000 COVID stabilization account funding for each of the next two fiscal years would reduce the available balance in the account to $400,000. The stabilization account was established to help the City navigate the impacts, and recovery, of the COVID-19 pandemic.
   c) Fund Balance: Utilizing $100,000 for each of the next two fiscal years would reduce the available general fund balance from $1.4 million to $1.2 million.

2) Maintain the goal of a $750,000 fund balance
   a) The estimated general fund balance on June 30, 2022 is $1.4 million. The City Council, following the recommendation of the Finance Advisory Committee (FAC), suggested a target ending fund balance of $750,000 which makes up to $650,000 available for use in FY 2021-22. The FAC will be meeting next week to develop a recommendation for Council consideration about what portion of the fund balance to allocate to projects, and what portion to allocate to long term debt reduction (PERS reserve). That division will determine how much funding the City has available from fund balance to allocate to Council priorities, which could include:
      i) Additional funding for existing, or new, CIP projects
      ii) Funding for community grant strategic plan (Council goal)
      iii) Funding for Monterey Park picnic tables (Council goal)

3) Early Childhood/Youth Programming funding options
   a) The Early Childhood and Youth Program (ECYP) is estimated to receive $49,000 of restricted Transient Occupancy Tax revenues in addition to the estimated June 30, 2021 ending fund balance of $14,000. This $63,000 total includes a $30,000 portion proposed in the FY 2021-22 Budget to the Community Grant program and leaves up to $33,000 available for additional ECYP activities. Mayor Brooks has recommended that of this total, $3,000 go towards the Community Grant program and the remaining $30,000 go directly to the Recreation division, only to be used for ECYP activities. With the expansion of the Afterschool Program to additional Soquel Union Elementary School District, the division may need a small passenger van at an estimated cost of $50,000. The Mayor recommended the City utilize a portion of the $1.88 of American Rescue Plan funding to purchase a van, which the City will receive over the next two fiscal years.

4) CIP project review: cost, funding status, etc.
   a) The CIP discussion will be focused on the projects listed on the attachment to the staff report. Council will be asked to identify any new CIP projects, allocate project funding, and approve the CIP list.

5) Wharf Project funding projections
   a) The Wharf Resiliency Project currently has identified potential funding of $5.94 million, consisting or $1.2 million of prior year allocations, $1.9 million of State Conservancy
Grant funding, $1.88 million of American Rescue Plan funding, and $960,000 of FY 2021-22 Measure F funding. Current project cost estimates range from $5 million to $7.5 million.

Staff projects approximately $2.8 of future Measure F revenues will be available between 2023 and December 31, 2027, when Measure F is scheduled to end. However, that funding will not be fully available until 2028. Because waiting that long to complete the wharf project is likely infeasible due to grant deadlines, community expectations, and cost escalation, the City would need to either utilize short-term borrowing or internal financing to utilize some portion of that funding for the project. Staff will outline options for those scenarios at the meeting on May 20.

The draft budget has been distributed and is available for public review outside of the City Hall lobby, as well as on the City’s website.
