

## STAFF REPORT

TO: PLANNING COMMISSION

FROM: COMMUNITY DEVELOPMENT

DATE: AUGUST 4, 2016

SUBJECT: **Zoning Code Update All Properties within Capitola**

Continuation of Comprehensive Update to the City of Capitola Zoning Code (Municipal Code Chapter 17)

The Zoning Code serves as the Implementation Plan of the City's Local Coastal Program and therefore must be certified by the Coastal Commission.

Environmental Determination: Addendum to the General Plan Update EIR  
 Property: The Zoning Code update affects all properties within the City of Capitola.

Representative: Katie Cattan, Senior Planner, City of Capitola

**BACKGROUND:** The draft zoning code was released on February 4, 2016, for an extended public review and comment period. The Planning Commission began the review of the draft zoning code on March 3 and held subsequent meetings on March 17, April 18, April 21, May 5, May 16, May 19, June 13, June 27 and July 21. The draft code, zoning map, and previous staff reports with attachments are available online at:

<http://www.cityofcapitola.org/communitydevelopment/page/zoning-code-update>.

**DISCUSSION:** The draft zoning code has been reviewed sequentially from beginning to end. The remaining chapters to be reviewed are 17.148 Public Notice and Hearings, 17.160 Glossary, and 17.104 Wireless. The wireless chapter is currently under review by the City Attorney and will be presented at a later date. The Planning Commission has reviewed their requested modification within a redlined draft of Parts 1, 2, 3, and 4.

During the July 21, 2016 meeting, the Planning Commission suggested a policy change for Village Parking. The Commission requested revisions to modify the current approach in which parking requirements are calculated relative to the square footage of each land use and implement a district parking approach. The Planning Commission acknowledged the village has very limited individual onsite parking and an abundance of shared public parking. They identified that the current approach is limiting to business owners. Rather than have different parking standards for the individual uses within the village, the Planning Commission requested staff present options to create an allowance for a special village parking district with no parking requirements for existing commercial buildings. This would allow commercial uses to occupy existing commercial space in the village without providing additional parking. The district approach can include parking requirements for expansions. Staff will present a few concepts of how a district parking approach and an in-lieu parking fee program could be codified in the Village during the August 4<sup>th</sup> meeting.

It is anticipated that the following sections will be discussed during the August 4 meetings:

Meeting Date	Sections to Be Reviewed
August 4	17.148 Public Notice and Hearings 17.160 Glossary 17.76 Parking and Loading

**CEQA:** An Addendum to the General Plan Update Environmental Impact Report has been prepared.

**RECOMMENDATION:** Accept the staff presentation, discuss the draft zoning sections presented, identify desired code revisions, and continue the public hearing to the September 1, 2016 meeting.

**ATTACHMENTS:**
