INTRODUCTORY SECTION

This page intentionally left blank

December 30, 2022

Honorable Mayor,
Members of the City Council, and
Citizens of the City of Capitola

SUBJECT: Annual Comprehensive Financial Report - June 30, 2022

The Annual Comprehensive Financial Report (ACFR) for the City of Capitola for the fiscal year ended June 30, 2022, is hereby submitted.

REPORT PURPOSE AND ORGANIZATION

State law requires the accounts and fiscal affairs of all municipal entities be audited annually by an independent certified public accountant. The City's independent auditor Eide Bailly LLP has audited the City's financial statements and issued an unmodified opinion that the financial statements for fiscal year ended June 30, 2022, are fairly presented in conformity with generally accepted accounting principles (GAAP). This opinion, along with the basic financial statements of the City, are hereby submitted as the Annual Comprehensive Financial Report (ACFR) for the City of Capitola for the fiscal year ended June 30, 2022 and included in the financial section of this report in fulfillment of the above requirement.

The independent audit of the financial statements is also typically conducted in conjunction with the federally mandated Single Audit. The standards governing the Single Audit require the independent auditor to report on items beyond fair presentation of the financial statements, including internal controls and compliance with legal requirements involving the administration of federal awards. A Single Audit Report on Federal Award Programs was not required or prepared in fiscal year 2022 because the City had less than \$750,000 in federal grant expenditures. The City's last required Single Audit Report is available for the year ended June 30, 2012.

This report consists of City management's representations concerning the finances of the City of Capitola. Consequently, management assumes full responsibility for completeness, accuracy of data, and fairness of presentation, including all footnotes and disclosures. Management believes the data presented are accurate in all material respects and that they are presented in a manner designed to fairly set forth the financial position and results of operations of the City. To provide a reasonable basis for making these representations, City management has established a comprehensive framework of internal controls designed both to protect the City's assets from loss, theft, or misuse and to compile sufficiently reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the cost of internal controls should not exceed their benefits, the City's internal controls have been designed to provide reasonable rather than absolute assurance that the financial statements are free of material misstatements. The audit provides users with reasonable assurance that the information presented is free from material misstatements. As management, we assert that to the best of our knowledge, this financial report is complete and reliable in all material respects.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found in the Financial Section of this document, immediately following the report of the independent auditor.

CITY OF CAPITOLA PROFILE

The City of Capitola is a small coastal community located in Santa Cruz County that occupies approximately two square miles and serves a population of about 10,250. Located on the northern edge of Monterey Bay, approximately 35 miles north of Monterey and 75 miles south of San Francisco, Capitola enjoys a rich history and offers residents diverse recreational opportunities. Capitola Village is located along a sandy beach with expansive views of Monterey Bay and is home to numerous craft galleries, boutiques, and restaurants. The City is host to numerous events, including the Capitola Beach Festival, Capitola Art and Wine Festival, and the annual Wharf to Wharf race.

Named the Most Walkable Beach Town in the United States by Elle Décor Magazine, voted one of the best beach locations on the California Coast by Sunset Magazine, and recently named one of the "9 Most Unspoiled Vacation Spots" by the Fishing Booker website, Capitola offers fishing and boating, along with beachfront restaurants, shops, and entertainment. Other visitor attractions include the Capitola Historical Museum, Capitola Wharf, and the Capitola Mall.

Although Capitola is considered a central coast beach destination, it is also one of two major retail centers in Santa Cruz County. The Capitola Mall, combined with Brown Ranch and 41st Avenue businesses, is the retail hub of the central county. With major retailers such as Target, Macy's, Kohl's, CVS, Ross, and Bed Bath and Beyond, Capitola is a "net regional retail provider" with retail sales several times higher than the retail demand of Capitola city residents. The City also has two major car dealerships.

Capitola is also fortunate to have outstanding educational opportunities. In addition to having New Brighton Middle School within its City limits, both Cabrillo Community College and the University of California, Santa Cruz, are within eight miles of the City. According to the U.S. Census Bureau's 2020 data, approximately 93% of Capitola residents are high school graduates and 40% possess a Bachelors' Degree or higher-level degree.

Form of Government

Capitola is a General Law City, which was incorporated on January 11, 1949. The City is subject to the framework and procedures established by State Law and operates under the Council – City Manager form of government. The Council is comprised of four Council Members and a Mayor, all of whom are directly elected by the citizens. The Council Members serve four-year staggered terms; and the Mayor and Vice-Mayor are elected annually by the Council. The Council has the authority to establish all laws and regulations with respect to municipal affairs, subject only to the limitations of the City Municipal Code and the State legislation.

The City Council appoints a City Manager to serve as the City's chief administrative officer. The City Manager provides direction and leadership to all City departments and ensures that all City Council policies are implemented.

City Services

The City provides police protection, street, park and facilities maintenance, recreation, building, planning, zoning, administrative, and financial services for Capitola. Independent special districts provide fire protection, water, sewer, and limited drainage services.

The ACFR includes all financial activities of the City and the Successor Agency to the former Redevelopment Agency of the City of Capitola; two separate legal entities. City Council members also serve as the governing board members of the Successor Agency and the City Manager serves as its Executive Director. Financial activities of the Successor Agency are also subject to approval by an independent Oversight Board.

Financial data for all funds through which services are provided by the City have been included in this report based on the criteria adopted by the Government Accounting Standards Board (GASB), which is the authoritative body in establishing United States GAAP for local governments.

Budgetary Policy and Control

The City's budgetary records are maintained on a modified accrual basis. Revenues are recorded when measurable and available and expenditures are recorded when goods or services are received, and the liability incurred. The City produces a two-year annual budget, which serves as the foundation for the City of Capitola's financial planning and control. Based on the City's Financial Management Policies, the City is required to maintain a balanced operating budget; along with using one-time revenues to fund non-recurring expenditures. In the budget development process, the City references the following Budgeting Principles to identify key projects and goals: Fiscal Policy, Public Service, and Public Improvements.

In accordance with the City's Municipal Code, the budget is adopted by resolution on or before June 30th for the ensuing fiscal year. Expenditures authorized in the final budget resolution are appropriated at the budget unit level. Capital projects are budgeted at the individual project level. City Council may appropriate, amend, or transfer funds by an affirmative vote of three or more Council members at any regular or special Council meeting.

The Successor Agency's two-year budget is incorporated into the City's budget process; however, all obligations are subject to annual approval by the County Oversight Board and the California State Department of Finance.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the environment in which the City operates.

Local Economy

The City of Capitola saw its strong recovery from the COVID-19 pandemic continue throughout fiscal year (FY) 2021-22. During the mid-year budget review general fund revenue projections were increased \$956,000 and expenditure projections increased \$951,000. Despite the increased projections, actual general fund revenues exceeded the budget by approximately \$788,000 including sales tax exceeding projections by \$540,000 and transient occupancy tax (TOT) exceeding projections by \$170,000. The general fund primary operations resulted in revenues exceeding expenditures by \$180,354. Additionally, the Capitola Library project was completed under budget and returned \$750,000 to the general fund. This in addition to general fund transfers out to the Capital Improvement Project (CIP) fund being \$420,000 below budget resulted in a net increase in fund balance of approximately \$1.4 million

The three major sources of General Fund revenue include Sales Tax, Property Tax, and Transient Occupancy Tax (TOT). These three revenues account for approximately 90% of all General Fund Revenues.

Sales tax is the City's largest source of revenue, accounting for approximately 56% of the General Fund Revenues. The City sales tax consists of 1% Bradley Burns, 0.25% Capitola District Tax (Measure O), and a 0.25% Capitola District Tax (Measure F) that is effective from January 1, 2018, through December 31, 2027. In FY 2021/22, the combined sales tax receipts of \$8.48 million were \$540,000 (6.79%) higher than budgetary estimates and \$779,452 (10.12%) above the prior year primarily.

Sales tax receipts are volatile and reflect the current local, state, and national economic condition. Sales Tax collections for the City of Capitola increased year over year after decreasing in the prior year due to the pandemic, however sales tax revenues have been relatively flat since FY 2015-16. The following chart shows sales tax trends over the past ten years as well as demonstrates the proportional share of District and Bradley Burns Sales taxes.

Capitola's second major source of revenue is property tax. In FY 2021/22 the General Fund received \$2.55 million in property tax receipts, prior to inclusion of Documentary Transfer Tax and Residual RDA distributions. This base amount was approximately \$122,000 more than the prior year and \$12,000 above the final budgeted amount. Over the last five fiscal years the City has averaged approximately 5% growth in annual property tax collections however in FY 2019/20 the increase was approximately 4.6% over the prior year.

Due to the dissolution of the Capitola Redevelopment Agency (RDA), the RDA's tax increment revenues are distributed to the Successor Agency Redevelopment Property Tax Trust Fund (RPTTF) in amounts that are only sufficient to fund obligations approved by the independent Oversight Board. Before the RDA dissolution, the City and RDA received over \$2 million a year. The end of the Required Obligation Payment Schedule (ROPS) was in June 2021 and the City is currently in the process of dissolving the Successor Agency.

The City's property tax revenues do not respond to economic conditions as quickly as sales tax revenues. This delayed response, along with less volatility, assists the City in adjusting to economic downturns by lessening the immediacy of revenue loss. The following chart includes Property Tax Revenue, as well as Property Tax In-Lieu of Vehicle License Fees. Based on the historical data, property tax revenues have remained relatively consistent due to appreciating property values. Staff anticipates this trend, while showing signs of slowing, will continue into the next fiscal year.

Transient occupancy tax (TOT) represents approximately 14% of General Fund revenues. While tourism and economic growth have remained stable, TOT revenue remained flat from FY 2015-16 through FY 2017-18 due to limitations on hotel and vacation rental room inventory. In November 2018 Capitola voters approved an increase in the TOT rate from 10% to 12% with 0.40% dedicated to local business groups and 0.35% dedicated to Early Childhood and Youth programs. The new TOT rate became effective on January 1, 2019, boosting TOT revenues in FY 2018-19. TOT revenues were one of the most impacted revenues due to COVID-19 and saw a significant reduction during the fourth quarter of FY 2019-20, however they rebounded quickly and are now exceeding pre-pandemic amounts. The chart below provides a 10-year history of TOT revenues.

Long-term Financial Planning

In the past, the City has made strategic decisions to help maintain resiliency in difficult economic times. As a continuation of this practice, the City is focusing on the following planning measures:

Planning for Sales Tax Revenues

The City of Capitola sales tax revenue consists of 1% Bradley Burns Sales tax and two 0.25% District taxes. The first District sales tax, Measure O, is a permanent 0.25% sales tax that was approved by voters in November 2012 and went into effect April 1, 2013. Measure O was implemented with the goal of replenishing reserves, funding CIP projects, and providing support for public safety initiatives. The City developed a five-year plan to ensure that Measure O funds were applied to their stated priorities. Each of the district taxes collect approximately \$1.0 million in General Fund revenues annually.

The second District tax, Measure F, was passed by voters in 2016 to extend Measure D, a temporary quarter of one percent sales tax, for an additional ten years. The City is committed to using this funding source to protect the wharf and beach from storms and rising sea levels, maintain police services, and improve sidewalks, parks, and bike safety. The adopted FY 2021-22 budget continued implementing these commitments as Measure F went into effect on January 1, 2018.

Replenishing and Increasing Reserves

The City has been proactive in establishing a stable reserve level. A portion of Measure O revenues were set aside to replenish the Contingency and Emergency Reserve Funds. The City's reserves were depleted in March of 2011 when an underground storm drain failed, which resulted in damage to the Pacific Cove Mobile Home Park, City Hall, and portions of Capitola Village. As a result, the City paid \$1.4 million in flood related costs over a two-year period and assumed a \$2.39 million debt to relocate residents of the City-owned Pacific Cove mobile home park. This incident reduced the City's reserves from \$1.87 million in FY 2009-10 to \$561,000 in FY 2011-12. This incident, along with the economic downturn, emphasized the need to review reserve policy levels to ensure the City was maintaining a sufficient balance to effectively manage unforeseen events.

In FY 2012-13 the City increased the Emergency Reserve funding level from 5% to 10% of operating expenditures and the Contingency Reserve funding level from 10% to 15% to ensure sufficient reserves are available to offset the effects of the next economic downturn and unforeseen emergencies.

In FY 2015-16 the City implemented a PERS Contingency Reserve Fund to ensure future funding availability for potential CalPERS contribution increases. The initial funding came from a \$300,000 transfer from the General Fund. The City invested the funds with Public Agency Retirement Services (PARS) in a moderately conservative trust fund that allows for a higher rate of return. During FY 2017-18, the City put an additional \$500,000 in the PERS trust fund and has budgeted an additional \$500,000 in FY 2022-23.

In response to COVID-19 in March 2020, the City reduced revenue projections and eliminated all non-essential expenditures in adopting the FY 2020-21 budget. The fiscal impacts from the pandemic were not as severe as originally estimated and the City was able to not only maintain reserves, but also increase operating cash balances. As the City eliminated concessions from employees and returned some expenditures, the City Council also set aside \$385,000 as a resiliency account to mitigate any future fiscal impacts associated with the pandemic.

Maintain the Facilities Reserve Fund

The City created a Facilities Reserve Fund in FY 2014-15. The purpose of the Facilities Reserve Fund is to create a mechanism to fund future facility maintenance projects. Examples of projects that could be financed through the fund include replacing roofs, painting exteriors, replacing mechanical/electrical equipment, and maintenance of adjoining parking spaces. The Facilities Reserve Fund ended FY 2021-22 with a cash balance of \$432,714. The FY 2022-23 budget does not include any funding into the Facilities Reserve Fund or expenditures in the Facilities Reserve Fund as the City continues to manage the fiscal impacts from COVID-19. Staff anticipates restoring annual contributions to the Facilities Reserve in FY 2023-24.

Funding Other Post-Employment Benefits Obligation (OPEB)

The City created an OPEB trust fund in FY 2013-14 in order to reduce and eventually eliminate the liability. Before prefunding the OPEB Liability, the City historically contributed the Minimum Employer Contribution required under the Public Employees' Medical and Hospital Care Act (PEMHCA). The transition from "pay as you go" financing to full funding, reduced the City's long-term liability from \$1,011,800 to \$657,500. In May 2014 the Actuarial Standards Board adopted standard number 6 (ASOP 6) requiring the calculation of the "Implicit Rate Subsidy". The implicit rate is an inherent subsidy of retiree healthcare costs by active employee healthcare costs when healthcare premiums paid by retirees and actives are the same.

Following the advice of the City's auditors as well as the new Actuarial Consultant, the current OPEB Actuarial Valuation now includes the Implicit Rate Subsidy calculation. This one change caused the Unfunded Actuarial Accrued Liability to increase \$1,201,442 increasing the balance from \$584,737 on June 30, 2019, to \$1,572,208 on June 30, 2020. The balance on June 30, 2021, the latest actuarial measurement date, was \$1,642,315. The FY 2022-23 Adopted Budget includes funding of \$60,250 for the OPEB trust fund.

Controlling Personnel Costs

Being a service-oriented organization, personnel costs make up the largest General Fund expenditure. The personnel budget comprises approximately 69% of the General Fund.

In 2021 all bargaining units agreed to multi-year contracts continuing with the cost sharing of CalPERS contributions originally negotiated in FY 2013-14, cost of living adjustments (COLA) based on the Consumer Price Index, and Flex Health Care spending increases. All bargaining units, with the exception of the Mid-Management Employees, agreed to new three-year contracts through June 30, 2024, while the Mid-Management Employees agreed to a new two-year contract through June 30, 2023.

Recent changes in CalPERS' risk pools have had a significant negative impact on the City. These changes will result in an annual increase in CalPERS costs of 10.8% in FY 2022-23. Due to greater than expected investment returns in 2021 the annual CalPERS cost is projected to decrease 2.0% in FY 2023-24, however, anticipated less than expected investment returns in 2022 will likely lead to increased costs in FY 2024-25. Understanding that existing employees were already contributing more than the CalPERS-designated "employee share," the City's current labor contracts set future employee CalPERS contribution rates at a fixed percentage of compensation to reduce the impact on employees.

The number of full-time equivalent (FTE) positions city-wide increased 2.30 during FY 2021-22 as the City continued to fill vacant positions that were frozen in order to mitigate the fiscal impacts from COVID-19. The total city-wide authorized FTE's in FY 2021-22 was 67.75 with 64.50 positions budgeted.

Major Initiatives

Capitola Mall Redevelopment

The City has continued to seek redevelopment opportunities to update and upgrade the City's major retail corridor and mall area. Upgrades to the Capitola Mall are now anticipated with the April 2016 purchase of the Mall by Merlone Geier Partners, a private real estate investment company focused on the acquisition, development, and redevelopment of retail and retail-driven mixed-use properties on the West Coast. The City received a development application from Merlone Geier Aug. 27, 2019, however, due to COVID-19 the project has been put on hold by the developer.

Funding Measure F Commitments

In November 2016 voters of Capitola approved extending an existing quarter of one percent sales tax for an additional ten years. The city has committed this sales tax revenue to protecting the beach and wharf from rising sea levels and storms, supporting bike and pedestrian safety projects, and maintaining police staffing levels.

In FY 2021-22 Measure F funding was programed towards operations in order to maintain police staffing levels while the City managed the fiscal impacts associated with COVID-19. The FY 2022-23 adopted budget includes \$1.1 million of Measure F funding towards the Wharf Rehabilitation Project. Previously the flume and jetty reconstruction projects were fully funded and completed in FY 2020-21. Work began on these projects in FY 2017-18 along with the use of Measure F funds to replace the 20-year-old front end loader for beach maintenance.

Capitola Wharf Resiliency and Public Access Improvements

The Capitola Wharf, known as Soquel Landing at the time, was built more than 150 years ago for F.A. Hihn in order to ship goods produced in the region such as timber, leather, paper, and products from local farms. The Wharf has been damaged and rebuilt numerous times during its history and in 1979 the City of Capitola accepted the grant deed to the Wharf from the County. Following a complete renovation project, the City opened the wharf to the public in 1981. Since that time, the City has used revenue generated from the lease agreements with the restaurant and boat & bait shop to maintain the wharf. A recent report commissioned by the City recommended a number of larger scale projects to better protect the wharf from the impacts of storms and rising sea levels.

The current Engineer's Estimate for the Capitola Wharf Resiliency and Public Access Improvements project is \$7 million. Prior year appropriations of \$5.9 million include \$2.2 million of Measure F funding, State grant funds of \$1.9 million, and \$1.8 million of general fund while prior year expenditures and encumbrances total \$1.2 million. The FY 2022-23 Adopted Budget includes additional funding of \$1.1 million from Measure F and \$400,000 from the general fund bring the remaining balance to \$6.2 million. City staff has applied for a \$3.5 million grant in Federal funding and are awaiting the approval of the Federal budget to find out if the grant application is approved.

Currently construction plans are 90% complete and bid documents are being prepared. The City anticipates construction in Fall 2023 – Spring 2024.

Relevant Financial Policies

Financial Management Policies

The City has developed comprehensive Financial Management Policies to assist with the management of the operating and capital budgeting process and to standardize and rationalize the issuance of debt. This document focuses on Capital Budgeting and Reserves – Issuance of Debt, Operating Budgeting and Reserves and Other Policies, which addresses conformance with Generally Accepted Accounting Principles (GAAP), and Internal Borrowings. This policy requires the City to maintain a balanced operating budget; along with the use of one-time revenues to fund non-recurring expenditures.

A key component of this policy focuses on reserve requirements. Each fiscal year, the final adopted General Fund budget is required to have a Contingency Reserve appropriation equal to 15% of the General Fund operating expenditures and an Emergency Reserve appropriation equal to 10% of the General Fund operating expenditures. The purpose of the Contingency Reserve is to provide a prudent level of financial resources to protect against temporary revenue shortfalls, unanticipated operating costs, and/or to meet short-term cash flow requirements. The purpose of the Emergency Reserve Fund is to protect against one-time significant costs that may arise from major unpredictable emergency events.

Investment Policy

The City's Investment Policy governs the investment of temporary cash excesses. Investments are prioritized based on the following order of importance: Safety of principal, liquidity, and yield. Various low risk investments, such as U.S. Treasury bills are permitted. During the year, all excess cash balances, which were not held by a fiscal agent, were invested in the California Local Agency Investment Fund (LAIF) and U.S. Treasury. At no time during the year was the City's cash invested in a manner that violates this policy.

AWARD FOR EXCELLENCE IN FINANCIAL REPORTING

The Government Finance Officers Association of the United States and Canada (GFOA) also awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Capitola's ACFR for the fiscal years ended June 30, 2012, through June 30, 2021. This Certificate of Achievement is a prominent national award recognizing conformance with the highest standards for preparation of State and local government financial reports. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized Annual Comprehensive Financial Report whose contents conform to program standards. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A GFOA Certificate of Achievement is valid for a period of only one year. The City of Capitola believes the FY 2022 ACFR conforms to the Certificate of Achievement program requirements and will be submitting it to GFOA for review.

Prior to receiving the GFOA Award, the City received the Certificate for Outstanding Financial Reporting for its Annual Comprehensive Financial Report (ACFR) by the California Society of Municipal Finance Officers (CSMFO). This award was received consistently since FY 1999-00. Once a GFOA Award is received, CSMFO prohibits cities from applying and receiving both awards.

ACKNOWLEDGEMENTS

The preparation of this report would not have been possible without the efficient and dedicated services of the entire Finance Department staff. I would like to also express our appreciation to the partners and staff of our auditors for their assistance and support.

I wish to express my thanks and appreciation to the Mayor and members of the City Council for their unfailing leadership and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

The preparation of this report would not have been possible without the efficient and dedicated services of the entire Finance Department staff. I would like to also express our appreciation to the partners and staff of our auditors for their assistance and support.

I wish to express my thanks and appreciation to the Mayor and members of the City Council for their unfailing leadership and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

Independent Auditor's Report

The Honorable City Council
City of Capitola, California

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Capitola, California (City), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Capitola, California (City), as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Schedule of Changes in Net OPEB Liability and Related Ratios, Schedule of OPEB Contributions, Schedule of City's Proportionate Share of the Plan's Net Pension Liability, Schedule of Pension Contributions, Schedules of Budgetary Comparison Schedules for the General Fund and each Major Special Revenue Fund, as listed in the table of contents, be presented to supplement the basic financial statements.

Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 27, 2023, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of the City of Capitola, California, we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2022. Readers are encouraged to consider the information presented here in conjunction with the accompanying letter of transmittal and the basic financial statements.

FINANCIAL HIGHLIGHTS

Government-Wide Highlights

- Assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$33.5 million (net position).
- Total net position increased by \$0.4 million from the prior year.
- The City's net capital assets increased by \$1.1 million from the prior year.
- The City's long-term liabilities decreased by \$9.4 million from the prior year. See Notes 6 and 10 for details.

Fund Highlights

- The City's governmental funds reported combined fund balances of \$27.8 million, an increase of \$2.6 million from the prior year. Of the \$27.8 million fund balance, \$5.6 million is assigned and \$9.5 million is unassigned, or available for spending at the City's discretion. An additional \$12.7 million is restricted for specific purposes by their providers through constitutional provisions or by enabling legislation in accordance with generally accepted accounting principles, which is further described in Note 1.
- The \$2.6 million increase in the combined governmental fund balances was primarily attributable to an increase in grant revenues relating to COVID 19.
- The Unassigned fund balance for the General Fund was \$9.5 million, or 60% of General Fund operating expenditures, a decrease of 7.0% compared to the prior year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as the introduction to the City's basic financial statements. The City's basic financial statements are comprised of the following three components: (1) Government-Wide Financial Statements, (2) Fund Financial Statements, and (3) Notes to the Financial Statements. This report also contains supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements

The *Government-Wide Financial Statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference between them reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *Statement of Activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Therefore, some revenues and expenses reported in this statement will result in cash flows in future fiscal periods.

The Government-Wide Financial Statements distinguish functions of the City of Capitola that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, community development, culture and recreation, and transportation. The City does not have any business-type activities.

The Government-Wide Financial Statements include the City of Capitola (known as the primary government).

The Government-Wide Financial Statements can be found on pages 19-20 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities and objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and fiduciary funds.

Governmental Funds are used to account for the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds Balance Sheet and the governmental funds Statement of Revenues, Expenditures, and Changes in Fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City currently has five major governmental funds: General Fund, Federal Home Loan Reuse Fund, Capitola Housing Successor Fund, RTC Streets Fund and the Capital Projects Fund. Information is presented separately in the governmental fund Balance Sheet and in the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances. Data from the other governmental funds are combined into a single, aggregated presentation. The City maintains six internal service funds that provide goods and services solely for governmental activities. The activities are eliminated at the end of the fiscal year and any residual fund balances are combined with the General Fund.

The City adopts an annual appropriated budget for all funds. A budgetary comparison statement is provided for each of the City's governmental funds to demonstrate compliance with this budget. This comparison for the General Fund and the Capital Projects Fund is presented in the Required Supplementary Information section of this document. The budgetary comparison statements for Non-Major Governmental Funds and Fiduciary Funds are presented in the Supplementary Information Section of this report. All budget amendments require City Council approval for amounts over \$25,000.

The basic governmental fund financial statements can be found on pages 19-29 of this report.

Fiduciary Funds are used to account for resources held for the benefit of parties outside of the government. Fiduciary funds are not reflected in the government-wide financial statements because these resources are not available to support the City's programs. The City is responsible for ensuring that the assets reported in these funds are used for their intended purpose. The Statement of Fiduciary Net Position and Statement of Changes in Fiduciary Net Position are presented in the Basic Financial Statement section of this document. The Private Purpose Trust Fund includes the Successor Agency to the Capitola Redevelopment Agency.

Notes to the Financial Statements

The Notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 31-70 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information including the City of Capitola's net other postemployment benefits liability and contributions for the Healthcare Plan, the schedule of the City's proportionate share of the plans' net pension liability and related ratios, the schedule of plan contributions, and budget to actual comparisons, as noted in the table of contents.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve as a useful indicator of the City's financial position. For the fiscal year ended June 30, 2022, assets and deferred outflows exceeded liabilities and deferred inflows of resources by \$33.5 million.

	Governmental Activities	
	2022	2021
Current and other assets	\$ 29,589,899	\$ 26,419,144
Capital assets	35,039,287	33,947,364
Total Assets	64,629,186	60,366,508
Total Deferred Outflows of Resources	6,571,485	6,261,262
Other liabilities	1,818,072	1,222,910
Long term liabilities		
Due in one year	496,959	496,959
Due in more than one year	20,853,145	30,221,897
Total Liabilities	23,168,176	31,941,766
Total Deferred Inflows of Resources	14,499,880	1,565,469
Net Position:		
Net investment in capital assets	33,335,826	32,052,715
Restricted	11,768,139	12,055,063
Unrestricted	(11,571,350)	(10,987,243)
Total Net Position	\$ 33,532,615	\$ 33,120,535

The largest portion of the City's net position, \$33.3 million, is reflected in its investment in capital assets (e.g., land, buildings, machinery, equipment, and infrastructure), less any related outstanding debt used to acquire those assets. The City uses these capital assets to provide services to its citizens. Consequently, these assets are not available for future spending.

Although the City of Capitola's investment in capital assets is reported net of related debt, it should be noted that resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used. An additional portion of the City's net position, \$11.8 million, represented resources that were subject to external restrictions on how they may be used. The remaining negative \$11.6 million of the City's net position, were "unrestricted," and may be used to meet the government's ongoing obligations to citizens and creditors. The unrestricted portion of net position is negative mainly due to the City's \$18.8 million net pension and OPEB liabilities.

Further analysis is provided in the governmental activities section of this report.

Governmental Activities

Governmental activities increased the City of Capitola's net position by \$0.4 million. The increase is due primarily to the increase in taxes. The table below shows the changes between fiscal years 2021 and 2022:

	2022	2021
Revenues		
Program revenues:		
Charges for services	\$ 3,038,933	\$ 2,418,654
Operating grants and contributions	2,969,861	3,124,803
Capital contributions and grants	865,027	1,167,294
General revenues:		
Taxes:		
Property taxes	2,883,183	2,793,549
Franchise taxes	634,511	561,969
Sales and use taxes	8,484,799	7,705,348
Transient occupancy taxes	2,170,541	1,529,015
Business license taxes	315,604	291,590
Motor vehicle in-lieu, unrestricted	341,183	232,475
Investment income, unrestricted	(128,502)	335,472
Miscellaneous revenue	205,129	203,806
Total revenues	21,780,269	20,363,975
Expenses		
General government	6,117,483	3,736,255
Public safety	7,553,751	7,236,650
Community development	1,998,051	978,887
Culture and recreation	1,420,660	1,106,517
Transportation	4,222,401	3,092,354
Interest and other charges	55,843	66,645
Total expenses	21,368,189	16,217,308
Change in Net Position	412,080	4,146,667
Beginning Net Position	33,120,535	28,973,868
Ending Net Position	\$ 33,532,615	\$ 33,120,535

Revenues

As shown in the Statement of Activities, revenues for FY 2022 totaled \$21.8 million. The following graph includes program and general revenues and shows the percentage of governmental revenues by source:

Revenues increased by \$1.4 million, or 7.0%, from the prior year. This was primarily due to the following factors:

- Property taxes – Increased \$89,634 over the prior year. This increase was consistent with property valuation increases provided by the County Auditor Controller.
- Sales and use taxes & Transient Occupancy Taxes – Increased \$779,451 and 641,526, respectively from the prior year primarily due the economy recovery from COVID-19 impacts.

Cost of Services

Based on generally accepted accounting principles, program revenues are derived directly from programs or from parties outside the reporting government's taxpayers or citizenry. These revenues reduce the net cost of the function to be financed from the government's general revenues. General revenues are all other revenues not categorized as program revenues and include taxes, unrestricted grants, contributions, investment earnings, and miscellaneous revenues. Total program revenues from governmental activities were \$6.9 million.

The table below shows the costs and revenues of each of the City's programs:

	Total Cost of Services	Program Revenues	Net Cost of Services
General government	\$ 6,117,483	\$ 4,432,120	\$ (1,685,363)
Public safety	7,553,751	805,751	(6,748,000)
Community development	1,998,051	758,948	(1,239,103)
Culture and recreation	1,420,660	287,596	(1,133,064)
Transportation	4,222,401	589,406	(3,632,995)
Interest and other charges	55,843	-	(55,843)
Totals	\$ 21,368,189	\$ 6,873,821	\$ (14,494,368)

A description of each program is listed below:

- General Government expenses comprise approximately 28.6% of all government expenses. This includes City Council, City Manager, City Clerk, City Attorney, Finance, Administrative Services, and Risk Management. These programs are offset by parking meter collections, grants, and administrative support fees.
- Public Safety expenses comprise 35.4% of all governmental expenses. Revenues from fines, citations, grants, and animal services partially offset the cost of this program.
- Community Development expenses comprise approximately 9.4% of all governmental expenses. Various building and planning fees, along with grant revenues, assist in funding these program costs.
- Culture and Recreation expenses comprise 6.6% of all governmental expenses. These programs are primarily funded through recreational classes and sports fees.
- Transportation/Public Works expenses comprise 19.8% of all governmental expenses. This includes street, facility, park, and fleet maintenance. Costs are partially offset by motor vehicle fuel taxes and various fees.
- Interest expense and other charges comprise 0.3% of all governmental expenses. This interest expense is used to pay long-term debt obligations.

Expenses

As shown in the Statement of Activities, expenses increased from the prior year by 31.8%. This was primarily due to increased expenses in general government and community development related to filling previously vacant positions and new recreation programs.

A distribution of expenses by function is provided below:

Financial Analysis of the City's Funds

As noted earlier, the City of Capitola uses fund accounting to comply with finance-related legal requirements.

Governmental Funds

The focus of the City of Capitola's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Capitola's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the City of Capitola's governmental funds reported a combined ending fund balance of \$27.8 million, an increase of \$2.6 million compared with the prior year. Of this fund balance, \$12.7 million is externally restricted for particular purposes, \$5.6 million is assigned by the management to multiple priorities, and \$9.5 million is available for spending at the City's discretion.

General Fund - The General Fund is the chief operating fund of the City of Capitola and had a fund balance of \$11.9 million at year end. This represents an increase of \$0.6 million, or 4.9% from the prior year. Approximately \$9.6 million was unassigned fund balance, which was available for spending at the City's discretion.

A reconciliation of the General Fund operating activities presented in the City budget documents to the Governmental General Fund Financial Statements is presented below:

	City Budget Documents	General Plan / Open Space / Donations	Emergency / Contingency / Facilities Reserve / PERS	Internal Service Funds	Financial Statements
Beginning Fund Balance	\$ 4,346,127	\$ 202,623	\$ 4,973,934	\$ 1,790,178	\$ 11,312,862
Revenues	17,904,498	66,975	(111,278)	1,026,352	18,886,547
Expenditures	14,172,132	22,493	116	1,715,311	15,910,052
Net Operating Difference	3,732,366	44,482	(111,394)	(688,959)	2,976,495
Financing Sources/Uses	(3,004,444)	-	-	581,000	(2,423,444)
Net Change	727,922	44,482	(111,394)	(107,959)	553,051
Ending Fund Balance	\$ 5,074,049	\$ 247,105	\$ 4,862,540	\$ 1,682,219	\$ 11,865,913

It should be noted that the presentation of the General Fund for the City's budget document is different than its presentation in the Governmental Fund Financial Statements. This is primarily due to the consolidation of the following funds for financial statement reporting purposes: General Fund, Contingency Reserve, PARS Contingency, Emergency Reserve, Facilities Reserve, General Plan Update and Maintenance, Stores, Information Technology, Equipment Replacement, Self-Insurance Liability, Workers Compensation, and Compensated Absences.

Federal Home Loan Reuse - The Federal Home Loan Reuse Fund receives loan payments from recipients of HOME Program loans and uses these revenues to fund additional affordable housing activities. All housing funded activities must be within the City and be in accordance with the Federal Home Reuse Guidelines. The revenues represent the receipt of principal and interest payments from loan recipients.

Capitola Housing Successor - This fund is used to account for the assets of the former RDA Low- and Moderate-Income Fund and related housing activities. The funds are restricted in their use, reuse, and repayment pursuant to the original program requirements. As loan payments are received, the revenue generated provides a funding source for new housing assistance programs. Additional information regarding this transition can be found in Note 14.

Capital Projects Fund – This fund is used to account for financial resources to be used for the acquisition or construction of public facilities. The total cost of a capital project is accumulated in a single expenditures account, which accumulates until the project is completed, at which time the fund ceases to exist.

GENERAL FUND BUDGETARY HIGHLIGHTS

A detailed budgetary comparison schedule for the year ended June 30, 2022, is presented as Required Supplementary Information following the notes to the financial statements. This information can be found on page 71. Key budgetary differences are provided below:

Revenues:

Actual revenues were above final budgeted amounts by \$626,167. This was primarily due to the increase in taxes.

Expenses:

Expenses, prior to transfers, were \$608,049 below the final budget total due primarily to the city reducing or eliminating all non-essential personnel expenditures in response to COVID-19.

Appropriations:

Variances between the Original and Final budgets are primarily due to the inclusion of continuing appropriations for special projects from the prior year, mid-year adjustments to reflect updated revenue and expenditure estimates, and new funding appropriated for additional CIP projects.

Fund Balance:

The General Fund's ending fund balance was \$11.9 million as of June 30, 2022. This amount was approximately \$1.2 million more than the final budget projection based on the revenue and expenditure information noted above. A breakdown of General Fund balance is provided below. An additional discussion of the City's Contingency and Emergency Reserves can be found in the Financial Management Policies section of the Transmittal letter.

Fund balance:	
Restricted:	
Retiree benefits	\$ 904,275
Assigned:	
Emergency reserve	1,374,206
Unassigned:	
Contingencies	2,434,060
Unassigned	7,153,372
	<hr/>
Total fund balance	\$ 11,865,913
	<hr/> <hr/>

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The City's value of governmental capital assets (net of accumulated depreciation) at the end of FY 2022 was \$35.0 million. This investment in capital assets includes land, building, equipment, vehicles, and infrastructure. The infrastructure classification typically includes roads, streets, sidewalks, medians, and bridges. The total increase in the City's investment in capital assets for the current fiscal year was \$1.3 million, or 4.0%. The increase is due to an increase in construction in progress related to the Capitola Library project. Additional information on the City of Capitola's capital assets can be found in Note 4 to the financial statements.

Statement of Net Position	
Asset Type	
Land	\$ 4,883,789
Buildings and improvements	17,913,338
Equipment	4,395,927
Infrastructure	34,119,073
Construction in progress	2,715,304
Total Fixed Assets	<hr/> 64,027,431
Less Depreciation	<hr/> (28,988,144)
Capital Assets Net of Depreciation	<hr/> <hr/> \$ 35,039,287

Long-Term Debt

The City's long-term liabilities other than pension and OPEB at the end of FY 2022 was \$2.6 million, a decrease of \$0.2 compared to FY 2021. The change is due to the scheduled principal payments during the fiscal year. An overview of all long-term obligations is presented below while comprehensive information can be found in Note 6.

Loans payable:	
Loan agreement payable - Pacific Cove financing	\$ 807,729
Loan agreement payable - Beach and Village	895,732
Compensated absences	<u>896,141</u>
Total long-term debt	<u>\$ 2,599,602</u>

ECONOMIC FACTORS, NEXT YEAR'S BUDGETS AND RATES

On June 23, 2022, the Council adopted the FY 2022-23 Budget with a total appropriation of \$33.9 million and a General Fund appropriation of \$22.4 million. Adequate resources were projected to be available to fund the proposed expenditures. The General Fund budget returns resources to City Council goals and priorities that were placed on hold in response to COVID-19. The fiscal impacts associated with the pandemic were not as severe as originally projected which when combined with a stronger than anticipated recovery has allowed the City to return funding to the Capital Improvement Program. General Fund expenditures are budgeted to exceed General Fund revenues by approximately \$2.7 million as the City utilizes the available fund balance.

The City has negotiated contracts with the Mid-Management Employees through FY 2022-23 and all remaining bargaining units through FY 2023-24, which include fixed cost of living adjustments (COLA's). Additionally, all contracts included Market Study Salary Adjustments for identified classifications. The City implemented caps on pension costs prior to the FY 2015-16 budget but modified the cap to ensure employees didn't experience large decreases in net pay due to the projected contribution rate increases. Those caps remain in place under the new contracts.

Prospects for the Future

When the voters of Capitola passed Measure O, a quarter of one percent sales tax for a period of ten years, the City committed to replenishing reserves, maintaining police staffing levels and completing major street improvements during the five-year overlap with Measure D. Measure O sales tax revenues have been utilized to fully fund reserves at the City Council adopted funding levels as well as to increase street projects and maintain police department and public works staffing levels. Measure O expired on December 31, 2017.

In 2016 voters passed Measure F to extend the temporary quarter of one percent sales tax for an additional ten years. The City is committed to using this funding source to protect the wharf and beach from storms and rising sea levels, maintain police services, and improve sidewalks, parks, and bike safety. The adopted FY 2019/20 budget continued implementing these commitments as Measure F went into effect on January 1, 2018.

Opportunities for development include the Capitola Branch Library, Wharf resiliency improvements, flume repair, and jetty improvements. The new Capitola Branch Library, the flume and jetty projects were all completed during FY 2020-21 while the wharf project is scheduled to be bid in Spring 2023 with an anticipated start date in Fall 2023. The wharf project is currently funded by a combination of Measure F, general fund, and grants; however, the City is awaiting final approval of an additional federal grant which would reduce the amount of Measure F and general fund resources required for the project.

The City has successfully completed all current RDA dissolution and Assembly Bill 1484 (AB 1484) reporting and audit requirements and received approval for repayment of the \$618,028 loan made to the former RDA. The final payment was made during FY 2018/19. The Capitola Successor Agency completed the Required Obligation Payment Schedule (ROPS) in FY 2020-21 and is in the process of dissolving the Successor Agency. Additional information can be found in the transmittal letter, as well as Note 14.

Local, State, and National Economy

In 2008 events in the local, state, and national economies led to a significant downturn in financial markets. In FY 2011/12, there were beginning signs of economic recovery, with increased sales tax, TOT, and an increasing demand for building/planning services. This trend continued through FY 2016/17, however, Capitola's annual sales tax and transient occupancy tax leveled off in FY 2017/18. In November 2018 Capitola voters approved increasing the TOT rate from 10% to 12% with three-quarters of one percent dedicated to local business groups and Early Childhood and Youth programs. Increased home sales and prices have resulted in continued growth in property tax revenue which is consistent with statewide economic conditions.

In March 2020 both Santa Cruz County and the State of California issued Shelter-in-Place orders in response to COVID-19. This had severe negative impacts to City revenues at the end of the 3rd quarter and the entire 4th quarter of FY 2019-20. The City reduced expenditures to the greatest extent possible and negotiated concessions with all labor groups. The fiscal impacts from the pandemic were not as severe as originally anticipated and the recovery was greater than expected. This has allowed the City to end the concessions with labor groups, fill vacant positions that were frozen at the onset of the pandemic, and return services and programs that had been reduced.

In 2021 CalPERS achieved an investment return of 21.3% and the CalPERS Board subsequently approved a decrease in the discount rate it uses to project future funding needs. The discount rate is the expected rate of return on investments. The decreased discount rate has a major impact to the City's yearly unfunded actuarial liability (UAL) payment.

The City's FY 2022-23 UAL payment is approximately \$2.2 million which is a 16.5% increase over the prior year. Current projections show the City's UAL remaining relatively flat for the next two fiscal years and slowly decreasing to \$2 million by FY 2028-29. However, CalPERS investment returns in 2022 were below expectations which will likely have a negative impact on future payments.

Requests for Information

This financial report is designed to provide a general overview of the City's finances and to demonstrate the City's accountability for its fiscal activities to citizens, taxpayers, investors, creditors, and any other interested parties. If you have questions about this report or need additional information please contact the Finance Director at 420 Capitola Avenue, Capitola, California 95010.

GOVERNMENTAL FUNDS

Major Governmental Funds

GENERAL FUND

General Fund - Accounts for all financial resources except those to be accounted for in another fund. It is the general operating fund for the City.

SPECIAL REVENUE FUNDS

Federal Home Loan Reuse Fund - This fund accounts for housing loan principal and interest payments that will be available for a similar future federal program.

Capitola Housing Successor Fund - This fund is used to account for the assets of the former RDA Low- and Moderate-Income Fund, and related housing activities. The funds are restricted in their use, reuse, and repayment pursuant to the original program requirements. It is anticipated that as loan payments are received, the revenue generated would fund new housing activities.

Regional Transportation Commission (RTC) Streets

Santa Cruz County voters passed a 0.5 percent user sales tax to fund local roads. The RTC Streets fund will be utilized to increase the City's street program.

CAPITAL PROJECTS FUND

Capital Projects Fund - Accounts for financial resources segregated for the acquisition of major capital facilities and equipment by the City.

Non-Major Governmental Funds

Other Governmental Funds - These funds constitute all other governmental funds that do not meet the major fund test of assets, liabilities and deferred inflows of resources, revenues, or expenditures for the governmental funds. These funds consist of other Special Revenue Funds, and Debt Service Funds of the City for the year ended June 30, 2022.

CITY OF CAPITOLA
Reconciliation of the Statement of Revenues, Expenditures,
and Changes in Fund Balances of Governmental Funds
to the Statement of Activities
Year Ended June 30, 2022

Net Change in Fund Balances - Total Governmental Funds	\$ 2,569,348
--	--------------

Amounts Reported for Governmental Activities in the Statement of Activities
are Different Because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the costs of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital outlays	2,177,770
Depreciation	(1,085,847)

Repayment of debt service principal and financing liabilities are expenditures in the governmental funds but the repayment reduces long-term liabilities in the statement of net position.

191,188

Governmental funds report all contributions as expenditures in relation to Pensions and OPEB, however, in the statement of activities, OPEB and pension expenses are based on the change in these liabilities.

Change in net pension liability and related deferrals	(3,445,405)
Change in net OPEB and related deferrals	(86,504)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in compensated absences payable	85,285
Change in accrued interest expense	6,245

Change in net position of governmental activities	<div style="border-top: 1px solid black; border-bottom: 3px double black; display: inline-block; width: 100%;">\$ 412,080</div>

CITY OF CAPITOLA
Notes to Financial Statements
Year Ended June 30, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of Reporting Entity

The City of Capitola (the City) was incorporated in 1949 under the laws of the State of California. Capitola is a General Law City and is subject to the framework and procedures established by State law. The City operates under the Council-City Manager form of government. The City provides police protection, street, park and facilities maintenance, recreation, building, planning, zoning, administrative, and financial services for Capitola. Independent special districts provide fire protection, water, sewer, and limited drainage services.

B. Basis of Presentation

The City's basic financial statements are prepared in conformity with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board is the acknowledged standard setting body for establishing accounting and financial reporting standards followed by governmental entities in the United States of America.

Government-Wide Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues. All City activities are governmental; no business-type activities are reported in the statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are expenses that are clearly identifiable with a specific program, project, function, or segment. Program revenues of the City include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items that are properly not included among program revenues are reported instead as general revenues.

Fund Financial Statements

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

CITY OF CAPITOLA
Notes to Financial Statements
Year Ended June 30, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the providers have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers the majority of revenues to be available if they are collected within 60 days of the end of the current fiscal period. The City's only exception to this timeline is Sales Tax receipts which are recorded as revenues if received within 90 days.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, pension and other postemployment benefits and claims and judgments, are recorded only when payment is due.

Property taxes, sales taxes, transient occupancy taxes, franchise taxes, and interest associated with the current fiscal period are all considered to be susceptible to accrual and are therefore recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

General Fund

The General Fund accounts for all financial resources except those to be accounted for in another fund. It is the general operating fund for the City.

Federal Home Loan Reuse Fund

The Federal Home Loan Reuse Fund accounts for housing loans due to the City from the recipients of previous HOME Program grants. Receipts in the Home Program Reuse Fund are restricted to affordable housing activities in accordance with the federal HOME program re-use guidelines.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation, (continued)

Capital Projects Fund

The Capital Projects Fund accounts for financial resources segregated for the acquisition of major capital facilities and equipment by the City.

Capitola Housing Successor Fund

This fund is used to account for the assets of the former RDA Low- and Moderate-Income Fund, and related housing activities. The funds are restricted in their use, reuse, and repayment pursuant to the original program requirements. It is anticipated that as loan payments are received, the revenue generated would fund new housing activities.

RTC Streets

This fund accounts for 0.5 percent user sales tax revenues to fund local roads.

All remaining governmental are aggregated and reported as nonmajor funds.

The City also reports the following fiduciary funds:

Private Purpose Trust Funds

The Private Purpose Trust Fund accounts for the activities of the City of Capitola as Successor Agency to the Capitola Redevelopment Agency. The Successor Agency's primary purpose is to expedite the dissolution of the former Redevelopment Agency's assets in accordance with AB X1 26 and AB 1484.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Equity

1) Cash and Investments

Investments are reported in the accompanying balance sheet at fair value, except for nonparticipating certificates of deposit and investment contracts that would be reported at cost because they are not transferable and they have terms that are not affected by changes in interest rates.

Changes in fair value that occur during a fiscal year are recognized as *investment income* reported for that fiscal year. *Investment income* includes interest earnings, changes in fair value, and any gains or losses realized upon the liquidation, maturity, or sale of investments.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Equity (continued)

1) Cash and Investments (continued)

The City pools cash and investments of all funds. Each fund's share in this pool is displayed in the accompanying financial statements as cash and investments.

The City pools idle cash from all funds in order to increase income earned through its investment program. Investment income from pooled investments is allocated to those funds that are required by law or administrative action to receive interest. Investment income is allocated on a quarterly basis based on the cash balance in each fund.

2) Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans).

Noncurrent portions of long-term interfund loan receivables are reported as advances and such amounts are offset equally by a fund balance reserve account that indicates they do not constitute expendable available financial resources and therefore are not available for appropriation.

3) Property Taxes

California Constitution Article XIII A limits the combined property tax rate to one percent of a property's assessed valuation. Additional taxes may be imposed with voter approval. Assessed value is calculated at one hundred percent of a property's fair value, as defined by Article XIII A, and may be increased no more than two percent per year unless a change in ownership occurs. The state legislature has determined the method of distributing the one percent tax levy among the various taxing jurisdictions.

Property tax revenues are recognized in the fiscal year for which taxes have been levied and collected within sixty days of fiscal year end. Property taxes are billed and collected as follows:

	Secured	Unsecured
Valuation/Lien Date(s)	January 1	January 1
Levy Date	July 1	July 1
Due Date(s)	November 1 (50%) February 1 (50%)	August 1
Delinquency Date(s)	December 10 - 1st Installment April 10 - 2nd Installment	August 31

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Equity, (continued)

3) Property Taxes (continued)

The City adopted an alternative method of property tax distribution (the "Teeter Plan"). Under this method, the City receives 100% of its secured property tax levied in exchange for foregoing any interest and penalties collected on delinquent taxes. The City receives payments as a series of advances made by the County throughout the fiscal year. The secured property tax levy is recognized as revenue upon receipt including the final payment, which generally is received within 60 days after the fiscal year.

4) Capital Assets

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at acquisition value as of the date received. City policy is to capitalize all tangible property with a useful life of five or more years and a cost or assigned value exceeding \$5,000, with the exception of infrastructure valued at \$50,000 or more.

The City recorded all its public domain (infrastructure) capital assets placed in service after June 30, 1980, which include roads, bridges, curbs and gutters, streets and sidewalks, drainage systems, and lighting systems, in accordance with generally accepted accounting principles.

The purpose of depreciation is to spread the cost of capital assets equitably among all users over the life of these assets. The amount charged to depreciation expense each fiscal year represents that fiscal year's pro rata share of the cost of capital assets. Generally accepted accounting principles requires that all capital assets with limited useful lives be depreciated over the estimated useful lives. Depreciation is provided using the straight-line method which means the cost of the assets is divided by its expected useful life in years and the result is charged to expense each fiscal year until the assets are fully depreciated. The City has assigned the useful lives listed below to capital assets.

Structures and Improvements	50 years
Equipment	5 – 20 years
Infrastructure	15 – 50 years

5) Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are reported as prepaid items in both government-wide and fund financial statements. The City accounts for such items using the consumption method.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Equity, (continued)

6) Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial element, deferred outflows of resources, represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources (expense) until then. In addition to liabilities, the statement of net position or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial element, deferred inflows of resources, represents an acquisition of the net assets or fund balance that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time.

7) Compensated Absences

In compliance with generally accepted accounting principles, the City has established a liability for accrued vacation in relevant funds. Based on prior MOU language, a sick leave liability is also accrued for one remaining employee. For governmental fund types, the current liability appears in the respective funds, if due and payable, and the long-term liability appears in the government-wide financial statements. This liability is set up for the current employees at the current rates of pay. If vacation and the sick leave balances are not used by employees during the term of employment, compensation is payable to the employee at the time of retirement. Such compensation is calculated at the employee's prevailing rate at the time of retirement or termination. Each fiscal year, an adjustment to the liability is made based on pay rate changes and adjustments for the current portion. The General Fund is primarily responsible for the repayment of the governmental portion of compensated absences.

8) Reclassifications and Eliminations

Interfund balances must generally be eliminated in the government-wide statements, except for net residual amounts due between governmental activities and business-type activities. Amounts involving fiduciary funds should be reported as external transactions. Any allocations must reduce the expenses of the function from which the expenses are being allocated, so that the expenses are reported only once - in the function in which they are allocated.

9) Use of Estimates

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and necessarily include amounts or disclosures based on estimates and assumptions by management. Actual results could differ from those amounts.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Equity, (continued)

10) Fund Equity

The City has implemented GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. These classifications and constraints have been incorporated into the City's Fund Balance Policy, Administrative Policy III-10.

The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

Nonspendable – Amounts that are not in a spendable form or are legally or contractually required to be maintained intact. The City did not report nonspendable fund balances this year.

Restricted – Amounts that have constraints placed on them by third-party providers (grantors, bondholders, and higher levels of government) or by law through constitutional provisions or by enabling legislation.

Committed – Amounts constrained to specific purposes by a government itself, using the highest level of decision-making authority. This includes an action by the City Council passing a resolution. The Committed amounts cannot be used for any other purpose unless the City removes or changes the specified use by taking the same type of action it previously employed to commit those amounts. The City did not report committed fund balances this year.

Assigned – Amounts the City intends to use for a specific purpose but are neither restricted nor committed. Intended use can be established by the City Council, or by a City official designated as having that authority, such as the City Manager or Finance Director.

Unassigned – is the residual classification for the General Fund and residual fund deficits, if any, of other governmental funds. Unassigned amounts are technically available for any purpose.

When an expenditure is incurred for which both restricted and unrestricted (committed, assigned, or unassigned) are available, it is the City's policy to consider restricted amounts first, then unrestricted resources. When an expenditure is incurred for purposes for which amounts in any of the unrestricted fund balance appropriations could be used, it is the City's Policy that committed amounts would be used first, followed by assigned, and then unassigned fund balance classifications.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Equity, (continued)

11) Pension Plans

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value. CalPERS audited financial statements are publicly available reports that can be obtained at CalPERS' website under Forms and Publications.

12) Other Postemployment Benefits (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City's plan (OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis as reported by CalPERS. For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value. CalPERS audited financial statements are publicly available reports that can be obtained at CalPERS' website under Forms and Publications.

E. New Accounting Pronouncements

Effective this Fiscal Year

GASB Statement No. 87 – In June 2017, GASB issued Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The Statement is effective for the reporting periods beginning after December 15, 2020, or FY 2021/2022. This Statement did not impact the City's financial statements.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

E. New Accounting Pronouncements (continued)

Effective this Fiscal Year

GASB Statement No. 89 – In June 2018, GASB issued Statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*. The objective of this Statement is to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (b) to simplify accounting for certain interest costs. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in the financial statements. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020, or FY 2021/2022. This Statement did not impact the City's financial statements.

GASB Statement No. 92 – In January 2020, GASB issued Statement No. 92, *Omnibus 2020*. The objective of this Statement is to establish accounting and financial reporting requirements for specific issues related to leases, intra-entity transfers of assets, postemployment benefits, government acquisitions, risk financing and insurance-related activities of public entity risk pools, fair value measurements, and derivative instruments. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021, or FY 2021/2022, except for the requirement relating to Statement 87 and Implementation Guide 2019-3; reinsurance recoveries, and terminology used to refer to derivative instruments which are effective upon issuance. This Statement did not impact the City's financial statements.

GASB Statement No. 97 – In June 2020, GASB issued Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32*. The objective of this Statement is (1) to increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021, or FY 2021/2022. This Statement did not impact the City's financial statements.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

E. New Accounting Pronouncements (continued)

Effective in Future Fiscal Years

GASB Statement No. 91 – In May 2019, GASB issued Statement No. 91, *Conduit Debt Obligations*. The objectives of this Statement is to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with commitments extended by issuers, arrangements associated with conduit debt obligations, and related note disclosures by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2021, or FY 2022/2023. The City is evaluating the impact of this Statement on the financial statements.

GASB Statement No. 93 – In May 2020, GASB issued Statement No. 93, *Replacement of Interbank Offered Rates*. The objectives of this Statement is to address those and other accounting and reporting implications resulting from the replacement of an IBOR by providing exceptions for certain hedging derivative instruments to the hedge accounting termination provisions when an IBOR is replaced and providing clarification to the hedge accounting termination provisions, removing LIBOR as a benchmark interest rate for the qualitative evaluation of the effectiveness of an interest rate swap, identifying a Secured Overnight Financing Rate and the Effective Federal Funds Rate as appropriate benchmark interest rates for the qualitative evaluation of the effectiveness of an interest rate swap.

The requirements of this Statement are effective for reporting periods beginning after June 15, 2021, or FY 2021/2022, except the removal of LIBOR as a benchmark interest rate which is effective for periods beginning after December 31, 2022, or FY 2023/2024. The City is evaluating the impact of this Statement on the financial statements.

GASB Statement No. 94 – In March 2020, GASB issued Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. The objectives of this Statement improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). The requirements of this Statement are effective for reporting periods beginning after June 15, 2022, or FY 2022/2023. The City is evaluating the impact of this Statement on the financial statements.

GASB Statement No. 96 – In May 2020, GASB issued Statement No. 96, *Subscription-Based Information Technology Arrangements*. The objective of this Statement is to provide guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. The requirements of this Statement are effective for reporting periods beginning after June 15, 2022, or FY 2022/2023. The City is evaluating the impact of this Statement on the financial statements.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

E. New Accounting Pronouncements (continued)

GASB Statement No. 99 – In April 2022, GASB Issued Statement No. 99, *Omnibus 2022*. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. Certain requirements of this statement have been implemented as of June 30, 2022. The requirements related to leases, PPPs, and SBITAs are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter. The City is evaluating the impact of this Statement on the financial statements.

GASB Statement No. 100 – In June 2022, GASB Issued Statement No. 100, *Accounting Changes and Error Corrections – an amendment of GASB Statement No. 62*. The objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The requirements of this Statement are effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter. The City is evaluating the impact of this Statement on the financial statements

GASB Statement No. 101 – In June 2022, GASB Issued Statement No. 101, *Compensated Absences*. The objective of this Statement is to better meet the information needs of the financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter. The City is evaluating the impact of this Statement on the financial statements.

2. CASH AND INVESTMENTS

Cash and investments held by the City at June 30, 2022, are classified in the accompanying financial statement as follows:

Statement of Net Position:	
Cash and investments	\$ 19,086,929
Statement of Fiduciary Net Position:	
Cash and investments	<u>162,988</u>
Total cash and investments	<u><u>\$ 19,249,917</u></u>

Cash and investment held by the City consisted of the following:

Petty cash	\$ 1,444
Demand deposits	1,130,711
Investments with LAIF	13,617,187
Certificates of Deposit	3,596,300
PARS	<u>904,275</u>
Total cash and investments	<u><u>\$ 19,249,917</u></u>

Investments Authorized by the California Government Code and the City of Capitola's Investment Policy:

Allowable investment instruments are defined in the California Government Code Section 53600, et. seq., as amended. If the Code is further revised to allow additional investments or is changed regarding the limits on certain categories of investments, the City is authorized to conform to these changes, excluding those changes that may be prohibited by this policy. Where the Government Code specifies a percentage limitation for a particular category of investments, that percentage is applicable only at the date of purchase.

The table below identifies the investment types that are authorized by the City's investment policy and the California Government Code (or the City's investment policy, if more restrictive). The table also identifies certain provisions that address interest rate risk, credit risk, and concentration of credit risk.

Authorized Investment Type	Maximum Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
U. S. Treasury Bills	5 years	60%	None
Negotiable Certificates of Deposit (CD)	5 years	20%	None
Local Agency Investment Fund (LAIF)	N/A	None	\$75,000,000

2. CASH AND INVESTMENTS, (continued)

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment is, the greater the sensitivity of its fair value to changes in interest rates. One of the ways that the City manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer-term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations. As of June 30, 2022, the City had the following investments.

Investment Type	Fair Value	Investment Maturities (in Years)	
		Less than 1 year	1-5 years
Investments with LAIF	\$ 13,617,187	\$ 13,617,187	\$ -
Certificates of Deposit	3,596,300	-	3,596,300
PARS	904,275	904,275	-
Total Investments	<u>\$ 18,117,762</u>	<u>\$ 14,521,462</u>	<u>\$ 3,596,300</u>

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The City's investments in LAIF and in PARS were not rated as of June 30, 2022. Investments in the negotiable certificates of deposit were fully insured by the Federal Deposit Insurance Corporation (FDIC).

Concentration of Risk

The investment policy of the City contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. There are no investments in any one issuer that represent 5% or more of total City investments required to be disclosed.

2. CASH AND INVESTMENTS, (continued)

Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g., broker/dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local government units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits. As of June 30, 2022, the City had deposits with financial institutions in excess of federal depository insurance limits by \$890,699 that were held in collateralized accounts.

Investment in State Investment Pool

The City is a voluntary participant in the Local Agency Investment Fund (LAIF). LAIF was established in 1977 under the California Government Code Section 16429.1 et seq. as an investment alternative for local California governments and cities. LAIF oversight is governed by a five-member board designated by law, with the State Treasurer as Board Chairman. The State Treasurer elected to invest these monies as part of the State's Pooled Money Investment Account (PMIA) to achieve the maximum rate of return, while maintaining the goals of safety, liquidity, and yield. All LAIF funds are insulated from State borrowing including State General Fund transfers or loans and AB 55 loans. The fair value of the City's investment in this pool is reported in the accompanying financial statements at amounts based on the City's pro rata share of the fair value provided by LAIF (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded as an amortized cost basis. LAIF is not registered with the Securities and Exchange Commission.

Fair Value Measurements

The City measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles (GAAP). These guidelines recognize a three-tiered fair value hierarchy as follows:

- Level 1: Quoted prices for identical investments in active markets;
- Level 2: Observable inputs other than those in Level 1; and
- Level 3: Unobservable inputs.

2. CASH AND INVESTMENTS, (continued)

Fair Value Measurements, (continued)

Debt and equity securities classified as Level 1 are valued using prices quoted in active markets for those securities. Debt and equity securities classified in Level 2 are valued using the following approaches: debt securities are normally valued based on price data obtained from observed transactions and market price quotations from broker dealers and/or pricing vendors; equity securities are valued using fair value per share for each fund. Certificates of deposit classified in level 2 are valued using broker quotes that utilize observable market inputs. Securities classified as Level 3 have limited trade information, these securities are priced or using the last trade price or estimated using recent trade prices.

At June 30, 2022, the City had the following recurring fair value measurements:

Investment Type	June 30, 2022	Level 1	Level 2	Uncategorized
Investments with LAIF	\$ 13,617,187	\$ -	\$ -	\$ 13,617,187
Certificates of Deposit	3,596,300	3,596,300	-	-
PARS	904,275	-	904,275	-
Total Investments	<u>\$ 18,117,762</u>	<u>\$ 3,596,300</u>	<u>\$ 904,275</u>	<u>\$ 13,617,187</u>

3. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund Transfers

Interfund transfers for the year ended June 30, 2022, are as follows:

	Transfer In			Total
	General Fund	Capital Projects Fund	Non-Major Governmental Funds	
Transfers Out				
General Fund	\$ -	\$ 2,960,066	\$ 228,277	\$ 3,188,343
Capital Projects Fund	-	-	6,134	6,134
Non-Major Governmental Funds	764,899	-	63,738	828,637
Total	<u>\$ 764,899</u>	<u>\$ 2,960,066</u>	<u>\$ 298,149</u>	<u>\$ 4,023,114</u>

The General and the Affordable Housing Funds transferred \$88,211 to the Beach Village Lot and \$165,066 to the Pacific Cove Debt Financing Fund for debt service payments. The General Fund transferred \$2,960,066 to the Capital Projects Funds for various capital projects. In addition, the Nonmajor Transient Occupancy Tax Fund transferred to the Capitola Village and Wharf BIA Fund for Wharf related projects.

4. CAPITAL ASSETS

Capital assets activity for the year ended June 30, 2022, is as follows:

	Ending Balance	Additions	Deletions	Ending Balance
Governmental activities:				
Capital assets, not being depreciated:				
Land	\$ 4,883,789	\$ -	\$ -	\$ 4,883,789
Construction in progress	16,580,592	1,332,037	(15,197,325)	2,715,304
Total capital assets, not being depreciated	21,464,381	1,332,037	(15,197,325)	7,599,093
Capital assets, being depreciated:				
Equipment	4,217,844	178,080	-	4,395,924
Building and improvements	2,398,168	15,736,197	(221,027)	17,913,338
Infrastructure	33,990,293	128,781	-	34,119,074
Total capital assets, being depreciated	40,606,305	16,043,058	(221,027)	56,428,336
Less accumulated depreciation for:				
Equipment	(3,671,928)	(203,337)	-	(3,875,265)
Building and improvements	(1,693,155)	(336,422)	221,027	(1,808,550)
Infrastructure	(22,758,239)	(546,088)	-	(23,304,327)
	(28,123,322)	(1,085,847)	221,027	(28,988,142)
Total capital assets, being depreciated, net	12,482,983	14,957,211	-	27,440,194
Total governmental activities capital assets, net of accumulated depreciation	<u>\$ 33,947,364</u>	<u>\$ 16,289,248</u>	<u>\$ (15,197,325)</u>	<u>\$ 35,039,287</u>

Depreciation Allocations

Depreciation expense was charged to functions and programs based on their usage of the related assets. The amounts allocated to each function or program were as follows:

Governmental Activities:	
General government	\$ 636,384
Public safety	75,050
Cultural and recreation	39,948
Transportation	<u>334,465</u>
Total Depreciation Expense - Governmental Activities	<u>\$ 1,085,847</u>

5. OTHER LONG-TERM RECEIVABLES

Housing and Community Development Loan Program

The City uses Federal Home Loan Reuse, Affordable Housing and CDBG Program Income funds to provide housing loans to eligible applicants. Such loans are made to low and moderate-income households to improve or rehabilitate residences. These loans have been reflected in the financial statements as loans receivable. The City accounts for this program in the Special Revenue Funds. Total detail of loans receivable of \$6.7 million at June 30, 2022, is listed below:

	CDBG Program Income	Federal Home Loan Reuse	Capitola Housing Successor	Total
Individual Loans	\$ 390,853	\$ 291,138	\$ 556,773	\$ 1,238,764
Bay Avenue Senior Apartments	-	3,518,897	1,803,583	5,322,480
Wharf Road Manor	-	151,644	-	151,644
Totals	<u>\$ 390,853</u>	<u>\$ 3,961,679</u>	<u>\$ 2,360,356</u>	<u>\$ 6,712,888</u>

6. LONG-TERM LIABILITIES

A summary of changes in long-term debt for the fiscal year ended June 30, 2022, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Cove Financing	\$ 934,557	\$ -	\$ (126,828)	\$ 807,729	\$ 113,021
Beach and Village Lot II Financing	960,092	-	(64,360)	895,732	62,938
Compensated Absences	981,426	473,158	(558,443)	896,141	321,000
Totals	<u>\$ 2,876,075</u>	<u>\$ 473,158</u>	<u>\$ (749,631)</u>	<u>\$ 2,599,602</u>	<u>\$ 496,959</u>

Loan Agreement Payable - Pacific Cove Debt Financing

On March 23, 2012, the City executed a \$2.39 million loan agreement to facilitate relocating the residents of the Pacific Cove Mobile Home Park. The City-owned mobile home park was permanently closed for safety reasons after a pipe failure flooded the park. This financing agreement used the existing City Hall site and the adjacent Upper Pacific Cove Parking lot as the subject property. The original agreement was for 20 years at 5.14% fixed interest rate for the first 10 years, with a reset to 10-year T-Bill plus 3%. The agreement was renegotiated during fiscal year 2012/13 to a tax-exempt lease with a 3.25% interest rate, with a reset in year 10 to a 10-year T-Bill plus 1.5%. As a result of the refinancing, annual loan payments were reduced by approximately \$28,000. Savings on interest over the first nine years is estimated to be \$350,000.

In FY 2012/13, the City made a decision to apply \$500,000 from the disaster recovery insurance settlement to the Pacific Cove Lease. This resulted in a principal reduction of \$476,190, with a prepayment penalty of \$23,810.

6. LONG-TERM LIABILITIES, (continued)

Loan Agreement Payable - Pacific Cove Debt Financing, (continued)

Future payments under the agreement as of June 30, 2022, are as follows:

Fiscal Year Ending June 30,	Principal	Interest	Total
2023	\$ 120,548	\$ 44,518	\$ 165,066
2024	124,498	40,568	165,066
2025	128,577	36,489	165,066
2026	132,789	32,276	165,065
2027	137,140	27,926	165,066
2028-2029	164,177	41,305	205,482
Total	<u>\$ 807,729</u>	<u>\$ 223,082</u>	<u>\$ 1,030,811</u>

Loan Agreement Payable - Beach and Village Lot II Financing

On March 14, 2014, the City of Capitola executed a \$1,372,500 low-interest loan with the California Infrastructure and Economic Development Bank (IBank). This loan is considered an obligation with the General Fund as the source of repayment; and the City Public Works Corporation Yard serving as the leased asset. The loan term is 20 years at a fixed 2.26% interest rate.

Future payments under the agreement as of June 30, 2022, are as follows:

Fiscal Year Ending June 30,	Principal	Interest	Total
2023	\$ 65,815	\$ 19,500	\$ 85,315
2024	67,302	17,996	85,298
2025	68,823	16,457	85,280
2026	70,379	14,884	85,263
2027	71,969	13,276	85,245
2028-2032	384,991	40,950	425,941
2033-2034	166,453	3,783	170,236
Total	<u>\$ 895,732</u>	<u>\$ 126,846</u>	<u>\$ 1,022,578</u>

6. LONG TERM LIABILITIES, (continued)

Compensated Absences

Generally Accepted Accounting Principles identifies certain items that should be accrued as a liability as the benefits are earned by the employees but only to the extent it is probable that the employer will compensate the employees for the benefits through cash payments conditioned on the employee's termination or retirement.

City employees accumulate earned but unused benefits that can be converted to cash at termination of employment. The non-current portion of these vested benefits, payable in accordance with various collective bargaining agreements, totals \$575,141 as of June 30, 2022.

7. FUND BALANCES

The details of the fund balances as of June 30, 2022, are presented below:

	General Fund	Federal Home Loan Reuse	Capitola Housing Successor	Capital Projects
Restricted for:				
Public safety	\$ -	\$ -	\$ -	\$ -
Transportation	-	-	-	-

Deficit Fund Balances

The following fund reported deficit fund balances at June 30, 2022:

Beach and Village Lot II Debt Financing Fund	\$ <u>(38,986)</u>
Community Development Block Grant Programs	\$ <u>(18,773)</u>

This deficit is expected to be reduced by future revenues or transfers from other funds.

8. RISK MANAGEMENT

The City participates in the Monterey Bay Area Self-Insurance Agency (the Authority), a joint powers agency comprising the City and nine other local jurisdictions, created pursuant to California law for liability and workers compensation insurance services. The Authority's Board of Directors is elected from representatives of the member governments, and controls operations of the fund, including selection of management and approval of operating budgets. It is independent of the individual member influence, except for their representation on the board, and is therefore not a component unit of the City for reporting purposes.

The City is exposed to various risks including worker injuries, tort liability, theft, damage or destruction of assets, errors and omissions, and natural disasters. With respect to risks other than workers' compensation, the City and other pool participants pay an annual premium estimated by the pool administrator to be sufficient to cover all liability claims for which the pool is obligated. If a covered entity's losses exceed its premiums, there is no individual supplemental assessment, and if a covered entity's losses are lower than its assessment, it does not receive a refund. However, annual budget appropriations are experience-based. The pool views its activities in the aggregate and makes overall adjustments to the premiums charged and is therefore intended to be self-sustaining through member contributions (premiums). Risk of loss is retained by the City for general liability claims up to \$10,000 per occurrence. The fund carries excess loss coverage for general liability claims between \$990,000 and \$20,000,000 per insured event and is uninsured for losses in excess of \$20,000,000 per event. Unpaid claims at fiscal year-end, as reported by the fund, were not material. There was no reduction in the City's insurance coverage as compared to the previous fiscal year, nor have there been any losses exceeding coverage during any of the five previous years.

Premium payment amounts are determined by the fund's Board and are charged to the City's general fund as expenditures when paid.

In the proper course of operation, the Authority issued debt in the aggregate principal amount of \$5,150,000 on October 1, 2004. The Authority is required to collect and disburse the loan premiums in accordance with the loan agreement, Article VI, Section 6.03. The Member agencies are required by the Amended and Restated Joint Powers Agreement Relating to the Authority, Article 20 to pay to the Authority their individual debt service amount and associated expenses, as determined by the Authority. Furthermore, the Member Agencies contribution will be payable from any source of available funds of the Member, including amounts on deposit in the general fund of the Member. Audited financial statements of the Authority can be obtained at 1 Civic Center Drive, Scotts Valley, CA 90566.

9. JOINT VENTURES

Santa Cruz Consolidated Emergency Communications Center

The City is a member of the Santa Cruz Consolidated Emergency Communications Center, a Joint Powers Authority created to establish and operate a consolidated communications center which provides emergency call receiving and dispatching services. Other members of the Authority include the Cities of Santa Cruz and Watsonville, and the County of Santa Cruz. The members, including the City of Capitola, are responsible for funding the operations of the Authority through annual assessments. The annual assessments are based on percentages calculated for each member. Audited financial statements of the Authority can be obtained at 495 Upper Park Road, Santa Cruz, CA 95065.

In addition, the Authority and member agencies have entered into a Use Agreement relating to the issuance of the Authority's Santa Cruz County Public Financing Authority 2002 Lease Revenue Refunding Bonds, Series A, in the aggregate principal amount of \$5,760,000. These bonds were refunded in May as 2012 Lease Revenue Bonds, Series A with a principal of \$3,965,000. The proceeds were used to refinance the existing debt that was used for building costs; purchase additional equipment and make a lease termination payment to the County to acquire space that is currently being used for the Emergency Operations Center (EOC). The term bonds are due on June 15, 2034.

Other Activities

The City participates in other joint activities for the provisions of law enforcement activities, including the Santa Cruz County Narcotics Enforcement Team (SCCNET) and the Criminal Justice Council. None of these activities are conducted as a separate legal entity; therefore, they are not joint ventures, but are cost-sharing arrangements only. No separate financial statements are prepared for these activities, nor is the City exposed to risk of additional costs beyond reimbursement of its share of on-going operating costs.

10. DEFINED BENEFIT PENSION PLANS

Plan Description

All qualified permanent and probationary employees are eligible to participate in the Public Agency Cost-Sharing Multiple-Employer Defined Benefit Pension Plan (the Plan) administered by the California Public Employees' Retirement System (CalPERS). The Plan consists of individual rate plans (benefit tiers) within a safety risk pool (police and fire) and a miscellaneous risk pool (all other). Plan assets may be used to pay benefits for any employer rate plan of the safety and miscellaneous pools. The City sponsors four rate plans (two miscellaneous and two safety). Benefit provisions under the Plan are established by State statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions and membership information that can be found on the CalPERS' website at www.calpers.ca.gov.

Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 5 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost-of-living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The Plans operate under the provisions of the California Public Employees' Retirement Law (PERL), the California Public Employees' Pension Reform Act of 2013 (PEPRA), and the regulations, procedures and policies adopted by the CalPERS Board of Administration.

10. DEFINED BENEFIT PENSION PLANS, (continued)

Benefits Provided (continued)

The Plan's provisions and benefits in effect at June 30, 2022, are summarized as follows:

	Miscellaneous	
	Classic	PEPRA
	Prior to	On or after
Hire date	January 1, 2013	January 1, 2013
Benefit formula	2.5% @ 55	2.0% @ 62
Benefit vesting schedule	5 years service	5 years service
Benefit payments	monthly for life	monthly for life
Earliest retirement age	50	52
Monthly benefits, as a % of eligible compensation	2%-2.5%	1.0%-2.5%
Required employee contribution rates	7.96%	6.75%
Required employer contribution rates*	12.20%	7.59%

*Annual employer UAL payment of \$966,725 is not included in the rates above

	Safety	
	Classic	PEPRA
	Prior to	On or after
Membership date	January 1, 2013	January 1, 2013
Benefit formula	3.0% @ 50	2.7% @ 57
Benefit vesting schedule	5 years service	5 years service
Benefit payments	monthly for life	monthly for life
Earliest retirement age	50	50-57
Monthly benefits, as a % of eligible compensation	3.0%	2.0%-2.7%
Required employee contribution rates	8.99%	13.00%
Required employer contribution rates*	23.71%	13.13%

*Annual employer UAL payment of \$1,002,849 is not included in the rates above

Contributions

Section 20814(c) of the California Public Employees' Retirement Law (PERL) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS' annual actuarial valuation process. For public agency cost-sharing plans covered by either the Miscellaneous or Safety risk pools, the Plan's actuarially determined rate is based on the estimated amount necessary to pay the Plan's allocated share of the risk pool's costs of benefits earned by employees during the year, and any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. Employer contribution rates may change if plan contracts are amended. Payments made by the employer to satisfy contribution requirements that are identified by the pension plan terms as plan member contribution requirements are classified as plan member contributions. Employer Contributions to the Plan for the fiscal year ended June 30, 2022 for Safety Plan and Miscellaneous Plan were \$1,512,085 and \$1,173,195, respectively.

10. DEFINED BENEFIT PENSION PLANS, (continued)

Net Pension Liability

The City of Capitola's net pension liability for the Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of the Plan is measured as of June 30, 2021, using an annual actuarial valuation as of June 30, 2020 rolled forward to June 30, 2021 using standard update procedures. A summary of principal assumptions and methods used to determine the net pension liability is as follows.

Actuarial Methods and Assumptions Used to Determine Total Pension Liability

	Miscellaneous	Safety
Valuation Date	June 30, 2020	June 30, 2020
Measurement Date	June 30, 2021	June 30, 2021
Actuarial Cost Method	Entry Age Normal	Entry Age Normal
Actuarial Assumptions		
Discount Rate	7.15%	7.15%
Inflation	2.50%	2.50%
Salary Increases ⁽¹⁾	Varies by Entry Age and Service	Varies by Entry Age and Service
Investment Rate of Return ⁽²⁾	7.15%	7.15%
Mortality Rate Table ⁽³⁾	Derived using CALPERS' membership data for all Funds.	Derived using CALPERS' membership data for all Funds.
Post Retirement Benefit Increase	Contract COLA up to 2.5% until purchasing power protection allowance floor on purchasing power applies, 2.5% thereafter.	Contract COLA up to 2.5% until purchasing power protection allowance floor on purchasing power applies, 2.5% thereafter.

⁽¹⁾ Annual increases vary by category, entry age, and duration of service.

⁽²⁾ Net pension plan investment and administrative expenses; includes inflation.

⁽³⁾ The mortality table used was developed based on CalPERS' 2017 Study using data from 1995 to 2015. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB.

The 2017 Experience Study report can be obtained at CalPERS' website at:
www.calpers.ca.gov.

10. DEFINED BENEFIT PENSION PLANS, (continued)

Discount Rate

The discount rate used to measure the total pension liability was 7.15 percent. To determine whether the municipal bond rate should be used in the calculation of the discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. The tests revealed the assets would not run out. Therefore, the current 7.15 percent discount rate is appropriate, and the use of the municipal bond rate calculation is not deemed necessary. The long-term expected discount rate of 7.15 percent is applied to all plans in the Public Employees' Retirement Fund (PERF). The cash flows used in the testing were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained at CalPERS' website under the GASB 68 section.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS considered both short-term and long-term market return expectations as well as the expected pension fund (PERF) cash flows. Taking into account historical returns of all the PERF asset classes (which includes the agent plan and two cost-sharing plans or PERF A, B and C funds), expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

10. DEFINED BENEFIT PENSION PLANS, (continued)

Discount Rate, (continued)

The following table reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation.

Asset Class ⁽¹⁾	Current Target Allocation	Real Return Years 1–10 ⁽²⁾	Real Return Years 11+ ⁽³⁾
Global Equity	50.0%	4.8%	6.0%
Fixed Income	28.0%	1.0%	2.6%
Inflation Assets	0.0%	0.8%	1.8%
Private Equity	8.0%	6.3%	7.2%
Real Assets	13.0%	3.8%	4.9%
Liquidity	1.0%	0.0%	-0.9%
	<u>100.0%</u>		

(1) In the Basic Financial Statements, Fixed Income is included in Global Debt Securities; Liquidities included in Short-Term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities.

(2) An expected inflation of 2.00% used for this period.

(3) An expected inflation of 2.92% used for this period.

Pension Plan Fiduciary Net Position

Information about the pension plan's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and fiduciary net position are presented in CalPERS' audited financial statements, which are publicly available reports that can be obtained at CalPERS' website at www.calpers.ca.gov. The plan's fiduciary net position and additions to/deductions from the plan's fiduciary net position have been determined on the same basis used by the pension plan, which is the economic resources measurement focus and the accrual basis of accounting. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value.

10. DEFINED BENEFIT PENSION PLANS, (continued)

Proportionate Share of Net Pension Liability

The following table shows the Plans' proportionate share of the net pension liability over the measurement period.

	Net Pension Liability	Deferred Outflows of Resources	Deferred Inflows of Resources	Pension Expense
Miscellaneous plan	\$ 8,161,252	\$ 2,192,450	\$ 7,920,554	\$ 4,165,391
Safety plan	8,946,935	3,348,630	6,223,325	1,965,249
Total pension plans	<u>\$ 17,108,187</u>	<u>\$ 5,541,080</u>	<u>\$ 14,143,879</u>	<u>\$ 6,130,640</u>

The City's net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2021, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2020 rolled forward to June 30, 2021 using standard update procedures. The City's proportion of the net pension liability was determined by CalPERS using the output from the Actuarial Valuation System and the fiduciary net position, as provided in the CalPERS Public Agency Cost-Sharing Allocation Methodology Report, which is a publicly available report that can be obtained at CalPERS' website at www.calpers.ca.gov. The City's proportionate share of the net pension liability for the Plan as of the June 30, 2021 and 2022 was as follows:

	Miscellaneous	Safety
Proportionate Share of NPL - June 30, 2021	0.294690%	0.205360%
Proportionate Share of NPL - June 30, 2022	0.429810%	0.254940%
Change - Increase (Decrease)	<u>0.135120%</u>	<u>0.049580%</u>

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the City's proportionate share of the net pension liability of the Plan as of the measurement date, calculated using the discount rate of 7.15 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.15 percent) or 1 percentage point higher (8.15 percent) than the current rate:

	Discount Rate -1% (6.15%)	Current Discount Rate (7.15%)	Discount Rate +1% (8.15%)
Miscellaneous plan	\$ 13,960,855	\$ 8,161,252	\$ 3,366,804
Safety plan	15,380,850	8,946,935	3,662,269
Total pension plans	<u>\$ 29,341,705</u>	<u>\$ 17,108,187</u>	<u>\$ 7,029,073</u>

10. DEFINED BENEFIT PENSION PLANS, (continued)

Recognition of Gains and Losses

Gains and losses related to changes in total pension liability and fiduciary net position are recognized in pension expense systematically over time.

The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to pensions and are to be recognized in future pension expense.

The amortization period differs depending on the source of the gain or loss:

Difference between projected and actual earnings	5 year straight-line amortization
All other amounts	Straight-line amortization over the average expected remaining service lives of all members that are provided with benefits (active, inactive and retired) as of the beginning of the measurement period

The expected average remaining service lifetime (EARS�) is calculated by dividing the total future service years by the total number of plan participants (active, inactive, and retired) in the Public Agency Cost-Sharing Multiple-Employer Plan (PERF C). The EARS� for the Plan is 3.8 years.

Pension Expense and Deferred Outflows and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2022, the City incurred a pension expense of \$4,165,391 and \$1,965,249 for the Miscellaneous plan and Safety plan, respectively.

10. DEFINED BENEFIT PENSION PLANS, (continued)

Pension Expense and Deferred Outflows and Deferred Inflows of Resources Related to Pensions, (continued)

As of June 30, 2022, the City has deferred outflows and deferred inflows of resources related to pensions as follows:

Miscellaneous Plan		
	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 1,173,195	\$ -
Contributions in excess of proportionate share	-	(555,429)
Changes in assumptions	-	-
Difference in expected and actual experience	915,197	-
Adjustment due to differences in proportions	104,058	(240,783)
Net differences between projected and actual earnings on plan investments	-	(7,124,342)
Total	<u>\$ 2,192,450</u>	<u>\$ (7,920,554)</u>
Safety Plan		
	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 1,512,085	\$ -
Contributions in excess of proportionate share	-	(898,179)
Changes in assumptions	-	-
Difference in expected and actual experience	1,528,576	-
Adjustment due to differences in proportions	307,969	-
Net differences between projected and actual earnings on plan investments	-	(5,325,146)
Total	<u>\$ 3,348,630</u>	<u>\$ (6,223,325)</u>

10. DEFINED BENEFIT PENSION PLANS, (continued)

Pension Expense and Deferred Outflows and Deferred Inflows of Resources Related to Pensions, (continued)

The Contributions subsequent to the measurement date with deferred outflows of resources will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in future pension expense as follows:

Miscellaneous Plan	
Fiscal Year Ended June 30:	Deferred Outflows/(Inflows) of Resources, Net
2023	\$ (1,594,828)
2024	(1,629,970)
2025	(1,707,700)
2026	(1,968,801)
	<u>\$ (6,901,299)</u>
Safety Plan	
Fiscal Year Ended June 30:	Deferred Outflows/(Inflows) of Resources, Net
2023	\$ (814,605)
2024	(931,254)
2025	(1,175,516)
2026	(1,465,405)
	<u>\$ (4,386,780)</u>

11. PUBLIC AGENCY RETIREMENT PLAN

Overview

The Federal Omnibus Budget Reconciliation Act of 1990 (FOBRA 90), mandated that all public-sector employees not covered by their employers' existing retirement system(s) as of January 1, 1992, be covered by Social Security or an alternate plan. The City has provided these employees with a plan called The Public Agency Retirement System, which qualifies under *Internal Revenue Code* Sections 401(a) and 501.

Plan Description

The Public Agency Retirement System (PARS) is a defined contribution plan covering part-time, temporary, or seasonal employees and all employees not covered by another retirement plan. The Plan is sponsored and paid for by employees and employer contributions. Members are 100% vested. Benefits are paid to the members in lump sum payments at termination, or if payment is in excess of \$3,500, the employee has the option of a lump sum payment at termination or at normal retirement age (60).

The City has the right to terminate or amend the Plan at any time.

Contributions

A total annual contribution of 7.5% of covered earnings is contributed to the PARS account for each eligible employee. The City contributes 1.3% and the employee contributes 6.2%. During the fiscal year ending June 30, 2022, contributions totaled \$99,732. The City acts as administrator with a trustee managing the investments and accounts. Fees are charged by the trustee and are paid from member earnings. Employer liabilities under the Plan are limited to the amount of the current contributions.

12. OTHER POST EMPLOYMENT BENEFITS

Plan Description

The City's defined benefit postemployment healthcare plan, (City of Capitola Retiree Healthcare Plan, CRHP), provides medical benefits to eligible retired City employees and spouses. CRHP is an agent multiple-employer plan administered by California Public Employees' Retirement System (CalPERS), which acts as a common investment and administrative agent for participating public employers within the State of California. A menu of benefit provisions, as well as other requirements, is established by State statute within the Public Employees' Retirement Law. The CRHP's plan provisions are established and may be amended through negotiation and Memoranda of Understanding between the City Council and the various bargaining units. All contracts with CalPERS are approved through City resolution. CalPERS issues publicly available reports that can be found on the CalPERS' website at www.calpers.ca.gov.

Employees Covered

At the June 30, 2021 measurement date, the following current and former employees were covered by the benefit terms under the OPEB Plan:

	Active employees	67
Inactive employees or beneficiaries currently receiving benefits payments		23
		<u>90</u>

Contributions

The obligation of the City to contribute to the plan is based on an actuarial determined rate. For the fiscal year ended June 30, 2022, the City's total contributions were \$99,732. The City makes contributions and participates in the California Employers' Retiree Benefit Trust (CERBT) Fund for the purpose of prefunding obligations for past services. Through this plan, the California Public Employees' Retirement System (CalPERS) Board of Administration has the sole and exclusive control and power over the administration and investment of the prefunding plan.

12. OTHER POST EMPLOYMENT BENEFITS, (continued)

Net OPEB Liability

The City's net OPEB liability was measured as of June 30, 2021 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation dated June 30, 2021, that was based on the following actuarial methods and assumptions:

Discount Rate	7.00%
Inflation	2.75%
Salary Increases	2.75% per annum, in aggregate
Investment Rate of Return	7.00%
Mortality Rate	Mortality Rates from 2021 CalPERS Experience Study
Healthcare Trend Rate	5.75% in 2021 dropping to 4.00% in 2070 and later years.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation (Strategy 2)	5-Year Return (Strategy 2)
Global Equity	59%	5.5%
Fixed Income	25%	1.5%
TIPS	5%	1.2%
Real Estate	8%	3.7%
Commodities	3%	0.6%
	100%	

12. OTHER POST EMPLOYMENT BENEFITS, (continued)

Discount Rate

The discount rate used to measure the total OPEB Liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that the City contribution will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees and beneficiaries. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Changes in Net OPEB Liability

The changes in the net OPEB liability for the City's Plan are as follows:

	Increase/(Decrease)		
	Plan		
	Total OPEB Liability	Fiduciary Net Position	Net OPEB Liability
Balance at July 1	<u>\$ 2,111,747</u>	<u>\$ 380,524</u>	<u>\$ 1,731,223</u>
Changes recognized for year:			
Service Cost	104,614	-	104,614
Interest	151,868	-	151,868
Changes of benefit terms	-	-	-
Difference in expected and actual experience	(168,232)	-	(168,232)
Changes of assumptions	94,950	-	94,950
Contributions	-	155,509	(155,509)
Net investment income	-	116,763	(116,763)
Administrative expenses	-	(164)	164
Benefit payments, including refunds of employee contributions	<u>(95,259)</u>	<u>(95,259)</u>	<u>-</u>
Net changes	<u>87,941</u>	<u>176,849</u>	<u>(88,908)</u>
Balance at June 30	<u><u>\$ 2,199,688</u></u>	<u><u>\$ 557,373</u></u>	<u><u>\$ 1,642,315</u></u>

12. OTHER POST EMPLOYMENT BENEFITS, (continued)

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the City if it were calculated using a discount rate that is one percentage point lower (6 percent) or one percentage point higher (8 percent) than the current rate, for measurement period ended June 30, 2021:

Net OPEB Liability		
Discount Rate -1% (6.0%)	Current Discount Rate (7.0%)	Discount Rate +1% (8.0%)
<u>\$ 1,887,183</u>	<u>\$ 1,642,315</u>	<u>\$ 1,433,025</u>

Sensitivity of the Net OPEB Liability to Changes in the Health Care Cost Trend Rates

The following presents the net OPEB liability of the City if it were calculated using health care cost trend rates that are one percentage point lower or one percentage higher than the current rate, for measurement period ended June 30, 2021:

Net OPEB Liability		
Trend Rate - 1% (4.75%-3.0%)	Healthcare Cost Trend Rates (5.75%-4.0%)	Trend Rate + 1% (6.75%-5.0%)
<u>\$ 1,392,671</u>	<u>\$ 1,642,315</u>	<u>\$ 1,945,469</u>

OPEB expense and Deferred Items Summary

For the year ended June 30, 2022, the City recognized OPEB expenses of \$301,946. At June 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to the OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
OPEB contributions subsequent to measurement date	\$ 99,732	\$ -
Changes of Assumptions	930,673	-
Differences between Expected and Actual Experiences	-	(294,458)
Net differences between projected and actual earnings on plan investments	-	(61,543)
Total	<u>\$ 1,030,405</u>	<u>\$ (356,001)</u>

12. OTHER POST EMPLOYMENT BENEFITS, (continued)

OPEB expense and Deferred Items Summary, (continued)

For the year ended June 30, 2022, the City reported deferred outflows of resources related to OPEB in the amount of \$99,732 for its contributions subsequent to the measurement date. This amount will be recognized as an OPEB expense in fiscal year 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the OPEB will be recognized as OPEB expense as follows:

Year Ended June 30		
2023	\$	77,182
2024		77,152
2025		76,654
2026		74,069
2027		91,650
Thereafter		177,965
Total	\$	<u>574,672</u>

13. COMMITMENTS AND CONTINGENT LIABILITIES

Claims and lawsuits have been filed against the City in the normal course of business. The outcome of these matters is not presently determinable. However, in the opinion of management, the resolution of these matters is not expected to have a significant impact on the financial condition of the City.

14. SUCCESSOR AGENCY TO THE FORMER CAPITOLA REDEVELOPMENT AGENCY

On December 29, 2011, the California Supreme Court upheld Assembly Bill X1 26 that provided for the dissolution of all redevelopment agencies in the State of California. Most cities in California established a redevelopment agency that was included in the reporting entity of the city as a blended component unit (since the governing board of the city or county in many cases, also served as the governing board for those agencies). The Bill provided that upon dissolution of a redevelopment agency, either the city or another unit of local government could agree to serve as the “successor agency” to hold the assets until they are distributed to other units of state and local government. On January 12, 2012, the City Council met and created a Successor Agency in accordance with the Bill as part of City resolution number 3906.

7

After the law was enacted on June 28, 2011, redevelopment agencies in the State of California could not enter into new projects, obligations, or commitments. Upon the date of dissolution, February 1, 2012, significant matters previously controlled by the City Councils of the cities that created each redevelopment agency were now subject to the approval of the seven-member Oversight Board, and typically the California Department of Finance (DOF):

- Sale and distribution of assets
- Any change in obligation of terms
- Prepayment or defeasance of debt
- Acceptance of grants
- Funding of debt service reserves
- Budget for any remaining activities

In the current and future years, successor agencies are only allocated tax revenue in the amount that is necessary to pay the estimated annual payments on approved Recognized Obligation Payment Schedules (ROPS) until all enforceable obligations are paid in full. All obligations listed on the Capitola ROPS were approved by the Successor Agency and the Oversight Board, however the Department of Finance disallowed payment requests on two City/RDA loans. These loans included a \$618,028 Loan and Repayment Agreement and a \$1.35 million loan to purchase the City-owned Rispin Mansion property.

In June 2012, the California legislature passed AB 1484. This legislation provided clarification regarding the dissolution process and imposed new requirements. AB 1484 declared Successor Agencies are separate legal entities distinct from the sponsoring government, clarified matters pertaining to the affordable housing programs previously performed by the former RDA; and clarified matters pertaining to Enforceable Obligation and Recognized Obligation Payment Schedules (EOPS/ROPS). The legislation also established a requirement for all Successor Agencies to complete a due diligence review, established a process to receive a Finding of Completion that will provide significant benefits to local agencies (allowing them to begin spending debt proceeds and providing a formula for the repayment of money previously borrowed from the sponsoring government); and made a number of other significant changes in the dissolution process and the post-dissolution activities of Successor Agencies.

14. SUCCESSOR AGENCY TO THE FORMER CAPITOLA REDEVELOPMENT AGENCY, (continued)

In FY 2012/13, the Successor Agency completed two Due Diligence Reviews as required by the legislation. The Due Diligence review resulted in a recapture of the residual fund balance in the Successor Agency's primary operating account of \$89,536 and a disallowed payment to the City in the amount of \$47,895 for a City/RDA loan. While the Successor Agency and the City disagreed with this determination, the combined amount of \$137,431 was remitted to the County Auditor-Controller to maintain compliance. The completion of these two reviews resulted in the Successor Agency receiving a finding of Completion on May 24, 2013.

The Bill also directed the California State Controller to review the propriety of any transfers of assets between redevelopment agencies and other public bodies that occurred after January 1, 2011. If the public body that received such transfers was not contractually committed to a third party for the expenditure or encumbrance of those assets, the State Controller was required to order the available assets to be transferred to the public body designated as the Successor Agency. The Capitola Successor Agency completed the Asset Transfer Review on October 7, 2013. The report findings required the City to return \$52,313 to the Successor Agency for an interest payment on a City/RDA loan. The Successor Agency and the City also disagreed with this determination.

The Successor Agency and Oversight Board have approved reinstatement of the \$618,028 Loan and Repayment Agreement at a reduced interest rate; however, this reinstatement was initially denied by the Department of Finance. The Department of Finance has indicated that application for this reinstatement should be subject to the timelines established in AB 1484.

The Successor Agency, City, and the Oversight Board approved a resolution to terminate the Rispin Property Purchase Loan in exchange for the return of the property. This would result in the reduction of \$1.35 million dollars in Successor Agency debt. The Department of Finance requested the Oversight Board reconsider this decision; and the Oversight Board unanimously reaffirmed their property transfer decision in August. The City did not receive a response from the Department of Finance in relation to this action, and the statutory time to deny the action has elapsed. The City's RDA attorney believed the action was effective due timing; however, the official property transfer was delayed until after the Successor Agency successfully completed a Long-Range Property Management Plan. This plan was completed on March 21, 2014; followed by the termination of the Rispin Purchase Loan and the City's acceptance of the property by Resolution on October 10, 2013. This transaction relieved the Successor Agency of all capital assets.

After the date of dissolution, activities of the dissolved redevelopment agency are reported in a fiduciary trust fund (private purpose trust fund) in the financial statements of the City. The assets and liabilities relating to the Successor Agency are provided in the following sections:

Long-Term Debt

In accordance with the provisions of California AB X 1 26 (Bill), the obligations of the former Redevelopment Agency became vested with the funds established for the Successor Agency upon the date of dissolution, February 1, 2012. Former tax increment revenues pledged to fund the debts of the former Redevelopment Agency are distributed to the Successor Agency subject to the reapportionment of such revenues as provided by the Bill.

15. RISKS AND UNCERTAINTIES

Grants

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the government expects such amounts, if any, to be immaterial.

City/Successor Agency Obligations

Deductions (expenses) incurred by the Successor Agency for the year ended June 30, 2022 (and subsequent years in which the Successor Agency is in operation) are subject to review by various State agencies and the County in which the Successor Agency resides. If any expenses incurred by the Successor Agency are disallowed by the State agencies or County, the City, acting as the Successor Agency could be liable for the repayment of the disallowed costs from either its own funds or by the State withholding remittances normally paid to the City. Over the last fiscal year, the Successor Agency has been successful in receiving funding for all approved obligations, with the exception of City/RDA loans. The amount, if any, of expenses that may be disallowed by the State agencies or County cannot be determined at this time as to be immaterial or not.

BUDGETS AND BUDGETARY ACCOUNTING

The City adheres to the following procedures in establishing the budgetary data reflected in the financial statements:

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for governmental funds. The City's budget ordinance requires that in April of each fiscal year, the City Manager must submit a preliminary budget that includes projected expenditures and the means of financing them, to the City Council for the fiscal year commencing the following July 1. As modified during public study sessions, the preliminary budget becomes the proposed budget. Following public hearings on the proposed budget, the final annual budget is adopted by the City Council in June of the following fiscal year. After adoption of the final budget, transfers of appropriations within a general fund department, or within each fund can be made by the City Manager. Budget modifications between funds, increases, or decreases to a fund's overall budget, transfers between general fund departments or transfers that affect capital projects must be approved by the City Council or Agency Board. Numerous properly authorized amendments are made during the fiscal year. Appropriations lapse at fiscal year-end.

Budgetary control is enhanced by integrating the budget into the general ledger. Encumbrance accounting is employed (e.g., purchase orders) to avoid over-expenditure. Encumbrances outstanding at fiscal year-end are automatically rebudgeted in the following fiscal year, unless specifically cancelled by Council action. Per *Capitola Municipal Code* 3.20.060.C: "The appropriation for the uncompleted balance of executory contracts should not lapse at year-end but is automatically appropriated for the succeeding fiscal year unless specifically cancelled by council action".

There were no excess expenditures over appropriations in the General Fund departments.

CITY OF CAPITOLA
Comprehensive Annual Financial Report
Statistical Section (Unaudited)
Table of Contents
Fiscal Year Ended June 30, 2022

This part of The City of Capitola's Annual Comprehensive Financial Report presents detailed information as context for understanding the information in the financial statements, note disclosures, and required supplementary information and provides additional information useful in assessing the City's economic condition.

Financial Trends

The financial trends shown on the following charts are designed to help the reader understand the City's performance trends and relative well-being over time.

Net Position by Component	112
Changes in Net Position	113
Fund Balances of Government Funds	115
Change in Fund Balances of Governmental Funds	117
General Revenues by Source	119

Revenue Capacity

The sources and relative value of revenues shown on the following charts are designed to assist the reader in assessing the City's most significant sources of revenue and the performance of these sources over time.

Net Taxable Assessed Value History	120
Assessed Value of Taxable Property	121
Direct and Overlapping Property Tax Rates	122
Top Ten Property Taxpayers	123
Property Tax Levies and Collections	124
Top 25 Sales Tax Taxpayers	125

CITY OF CAPITOLA
Comprehensive Annual Financial Report
Statistical Section (Unaudited)
Table of Contents, Continued
Fiscal Year Ended June 30, 2022

Debt Capacity

Debt is a useful tool for financing capital acquisition, construction, and meeting long term financing needs. The following charts present information to help the reader assess the City's current debt levels and capacity for future debt.

Ratios of Outstanding Debt by Type	126
Ratios of General Bonded Debt Outstanding	127
Direct and Overlapping Debt	128
Legal Debt Margin Information	129
Pledged-Revenue Coverage	130

Demographic and Economic Information

The demographic and economic information provided in the charts below is designed to help the reader understand the general socio-economic environment in which the City's financial activities take place.

Demographic and Economic Statistics	131
Principal Employers - Top Ten	132
Full-time and Part-time City Employees by Function	133

Operating Information

The following charts provide information to show the size and nature of the City's operations in order to assist the reader in understanding the services the City is able to provide and activities it is able to undertake within its available financial framework.

Operating Indicators by Function	134
Capital Asset Statistics by Function	135

Unless otherwise noted, the source of the information noted in the tables below were from the prior year's City's Annual Comprehensive Financial Reports.

NOTES:

⁽¹⁾ A 0.25% District Transactions and Use Tax took effect April 1, 2005 and in 2008 was extended through December 2017. An additional 0.25% Permanent Retail Transactions and Use Tax took effect April 1, 2013, bringing the local tax rate to 0.50%.

⁽²⁾ As of 2006, Property Taxes In Lieu of Vehicle License Fees were included as part of Property Tax distributions by the State of California. Dissolution of California Redevelopment Agencies in February 2012 lowered agency property tax receipts by the size of the previous redevelopment tax increment.

NOTES: California Constitution Article 13A establishes a county assessor "full cash value" property valuation formulated on varying base years and not at current fair market value. As a result, there is not a reasonable basis available for estimating actual value of taxable property for the City of Capitola for comparative purposes.

NOTES: Exempt values are not included in Total.

In 1978, the voters of the State of California passed Proposition 13, which limited taxes to a total maximum rate of 1%, based upon the assessed value of the property being taxed. Each year, the assessed value of property may be increased by an "inflation factor" (limited to a maximum of 2%). With few exceptions, property is only reassessed as a result of new construction activity or at the time it is sold to a new owner. At that point, the property is reassessed based upon the added value of the construction or at the purchase price (market value) or economic value of the property sold. The assessed valuation data shown above represents the only data currently available with respect to the actual market value of taxable property and is subject to the limitations described above.

NOTES:

(1) In 1978, California voters passed Proposition 13 which set the property tax rate at a 1.00% fixed amount. This 1.00% is shared by all taxing agencies for which the subject property resides within. In addition to the 1.00% fixed amount, property owners are charged taxes as a percentage of assessed property values for the payment of any voter approved bonds.

(2) Redevelopment Rate is based on the largest RDA tax rate area and only includes rate(s) from indebtedness adopted prior to 1989 per California State statute. RDA direct and overlapping rates are applied only to the incremental property values. The approval of ABX1 26 eliminated Redevelopment from the State of California for the fiscal year 2012-13 and years thereafter.

(3) Because basic and debt rates vary by tax rate area individual rates cannot be summed. The Total Direct Rate is the weighted average of all individual direct rates applied by the government preparing the statistical section information.

(4) Overlapping rates are those of local and county governments that apply to property owners within the City. Not all overlapping rates apply to all city property owners.

(5) City's Share of 1% Levy is based on the City's share of the general fund tax rate area with the largest net taxable value within the city. ERAF general fund tax shifts may not be included in tax ration figures.

2022	1,503,589	1,503,589	100%	-	1,503,589	100%

NOTES: Figures presented include City property taxes and Redevelopment Agency tax increment, as well as amounts collected by the City and Redevelopment Agency that are pass throughs for other agencies, and real and personal property. The figures do not include Property Taxes In Lieu of Vehicle License Fees. In FY 1993-94, Santa Cruz County adopted the Teeter Plan under which the City of Capitola receives its entire tax levy, regardless of delinquencies as long as it qualifies for the Teeter Plan.

Reduction in property taxes levied from 2011 through 2020 reflects the 2/1/2012 State of California dissolution of Redevelopment Agencies and the associated elimination of tax increment received by the City of Capitola.

2022	-	-	1,703,461	1,703,461	0.06%	0.41%	174

NOTES: The City of Capitola has no business-type activities; governmental and total primary government figures are the same. Details regarding the City's outstanding debt can be found in the notes to the financial statements.

In July 2007, the City of Capitola issued a \$5,040,000 Pension Obligation Bond (POB), which was used to pay off the City's CalPERS unfunded pension liability as of that point in time.

Other debt includes tax anticipation notes, county library long term debt, financed purchase, notes payable, and RDA deferred pass throughs. Compensated absences, OPEB liability and net pension liability amounts are no longer included per GASB implementation guidelines.

Total Overlapping Tax and Assessment Debt			1.50%
Total Direct Debt			0.06%
Combined Total Debt			1.80%

(1) The percentage of overlapping debt applicable to the city is estimated using taxable assessed property value. Applicable percentages were estimated by determining the portion of the overlapping district's assessed value that is within the boundaries of the city divided by the district's total taxable assessed value.

(2) Excludes tax and revenue anticipation notes, revenue, mortgage revenue and non-bonded financing obligations. Qualified Zone Academy Bonds are included based on principal due at maturity.
