

New Parking Pay Stations for Village

Capitola has added eleven additional parking pay stations replacing the old coin-only meters. The new pay stations offer parking patrons the ability to pay by cash, coin or credit card. The newly installed pay stations are located on the 100 block of Capitola Ave, the 200 block of Monterey Ave, on Cliff Drive west of the Village and in the Upper Pacific Cove Parking Lot.

"Pay Here" signs accompany each pay station location, directing parking patrons where to pay. Users can pay for parking at any pay station in the system, regardless of location. Individuals merely need to remember their space number. Informational signs will be placed through-out areas where pay stations are being used.

For more information or questions about the new parking pay stations, please contact the City of Capitola Public Works Department at 831-475-7300.
